"POOR LO!"

AND HIS DEFENDERS.

His Claims for Mercy—The Character of His "Religious Enthusiasm"—His Devotions Uncomfortable for the White Settlers—The Eccentricities of His Religious Martyrdom—The Maudlin Sentimentality of the Christian Aid Association—Our Policy a Standing Disgrace and a Crime Against the White Man.

To the Editors of the Pittsburgh Gazette:

I had the honor to prophesy, soon after Gen. Canby's murder, that we should soon have abundant testimony that the Modocs are injured innocents, engaged in a noble effort to defend their rights. Well, the testimony is coming right along. Trivial installments are here, and the people will just get as much more as will be necessary to divide the nation against itself and prevent the Government carrying out any fixed policy to any definite result. I am sorry, for my reputation as a prophet, to say that any one not an idiot, who knows anything of our Indian policies, must have known this much; that with all I have seen of them I came so far short of appreciating the purring powers of those velvet-pawed peacemakers who never show their claws to any but western settlers—have no enemies but the advance guard of civilization—the men and women who go to plant schools and churches in the wilderness. I knew that in getting the chestnuts out of the fire, for that cunning old monkey, "the Indian Bureau," the benevolent friends of Mr. Lo would muster an overwhelming array of official reports, appeals, addresses, affidavits, and testimonials of all sorts and descriptions, proving that the poor Indian has been very badly used, and that these people who have been murdered by him have only got a very small part of their deserts, but I did not expect he would be represented as a religious martyr, suffering for conscience sake.

It has been reserved for the Indian Aid Association to justify his utmost barbarities by pleading, on his behalf, that his religion requires him to torture his enemies!! So when a party of these saints enter a settler's cabin, nail the small children to the wall, or unjoint their feet and hands and cut them off *with the butcher knives furnished them by Peace Commissions*, outrage all the women and girls over six years, cut the unborn children from the mother's womb and prolong the operation that the victim's shrieks may longer furnish the music for their dance, and add other atrocities to which decency denies a name, they are simply engaged in meritorious acts of devotion! Their religion requires these sacred rites, and those impious western settlers are interfering with the rights of conscience, as well as the proprietory rights, of the noble red man! It does seem almost beyond the possibility of belief that Christian men can be found who are ready to apologize for these monsters, and who can have their sympathies so perverted as to throw one word of influence against the long suffering and unspeakably wronged pioneer in the westward march of empire.

The majority of the people who compose this Aid Association cannot, surely, be murderers, or in sympathy with murder! They can have no personal hate toward the helpless women and children who form the great bulk of the sacrifices which these fiends mangle and mutilate and defile and insult and torture, *as a religious exercise*. How can they be so blinded, so misled, as to throw all the weight of their influence against the innocent, and in favor of criminals who, everyone, have forfeited a thousand lives.

As tribes, they go into council, and plan their murders, and every individual, in as far as his or her power goes, aids in their execution. Every squaw does her full share, and they are generally quite as ferocious and cruel as the warriors. I cannot call them men and women, for I have seen too much of them; every pappoose, that can handle a knife or a firebrand, aids in the work of torture and destruction, and our troops are constantly hindered, in action, by our fear of punishing the innocent with the guilty, while from their similarity of costume and station, and the absence of beards on the male Indians, it is difficult to distinguish them from their female accomplices.

This Aid Association seems to have reached the acme of absurdity, not only in justifying the Indians' torture of their victims, as a religious right, but in demanding that our Government shall recede from every step it has taken toward extending our laws over those savages, and go back to the bloody old monstrosity of recognizing every tribe as an independent nation, and hand over, to any of these nations, any such white person as the agent shall claim as an offender against it! This would be a tall contract! The Association tells us that the agents are a set of scoundrels, and proposes that every man, woman and child, west, shall hold his or her right to life at the pleasure of the agents, and that, on the requisition of any one of them, any citizen of the United States may be furnished to these copper-colored priests to be offered up on the altar of their religious enthusiasm. It is almost beyond belief that such a proposition could be made by sane men.

The case is just this: Whatever wrongs these savages render, are done by the Government. This Government is the will of its people. Of these, not more than one in a thousand are in danger of being a victim to Indian vengeance, and this Association, speaking for the nine hundred and ninety-nine, are willing that one shall pay the forfeit of their crimes. It used to be thought that the priest pitied the victim at the altar, but these priests show no sign of any such weakness. Perhaps if he were dumb they would, but he not only makes an outcry, but a stout resistance. It is time western people knew if they have any rights which the Indian Bureau is bound to respect. Are well meaning, mistaken people, who know nothing about Indians, and live in safety, to dictate its policy, so that citizens of our western territories shall continue to be the propitiation for our national sins, and to be offered up on the reeking altars of the Indians' religious worship?

I plead for the brave men and women and the innocent children who are making Christian homes in the far West; who till the soil, plant the school and church, who labor, early and late, to make the wilderness blossom as the rose. I know who and what they are, their wrongs and the outrages committed against them, and I ask Christian men and women, who dwell at ease and know not the terrors which invest them, to stand between them and the horrible fate to which blind fanaticism, set in motion by official cupidity, would consign them. I plead for the settler's home and the women and children who tremble there. I have no sympathy with that religion which would make it resonant with their shrieks of anguish. That benevolence and Christianity which can be used by the corrupt rings that are yearly robbing our Government of millions, under pretence of paying Lo for his land and his good behavior, is a weak, maudlin affair, a standing disgrace to the names we ought to respect. If there were a small, a very small, admixture of common sense with them, we should hear no more of their furnishing fiends, in human shape, with Spencer rifles and butcher knives as a means of civilization. The blood of the thousands upon thousands of innocent people who have fallen victims to Indians lies at the door of these men and women and Associations, who aid in any way in inducing our Government to keep up the old, preposterous and bloody policy of recognizing Indians as independent nations. Not until the last vestige of this recognition is blotted from our laws can there be a hope of peace or safety on our western borders.

BOSTON.

Insurance Losses by the Recent Fire.

BOSTON, June 2.—The following is as correct a list as could be ascertained until adjustments are made on insurance losses of companies doing business in Boston by agencies on the fire on Friday last: Foreign offices, $310,000; New York, $291,000; Pennsylvania, $180,000; Hartford, $77,000; Providence, $19,000; Bangor, $13,000; miscellaneous, $80,000; total outside of Boston, $970,000.

—Three late Directors of the Pacific Mail Company state that the recent report of that company was issued by the late President Stockwell on his own responsibility, and ask the present Board to publish a correct statement.

Card from Henry Ward Beecher—The Late Financial Panic in Vienna—The Missing Steamer Cromwell—Two Men Drowned—A Swindling Widow in the Tombs.

NEW YORK, June 2, 1873.

The Late Financial Panic in Vienna.

The Vienna correspondent of the London *Times*, under date of May 16th, says, in relation to the panic on the Exchange: The 15th of May, the dreaded settling day, is over. The havoc was great. Up to 1 P. M. ninety-five insolvencies had been declared. The bell which announces such events had scarcely a moment of respite. From 10 A. M. it was a sort of massacre, and by 6 P. M. the number of those dispatched amounted to one hundred and twenty. Several considerable men were in the number, but almost without exception they were small men—the private soldiers of the Exchange. Many a man who had been set down previous to the crisis as worth so many hundred thousand florins saw his hundreds of thousands vanish in thin air. As yet the catastrophe has been confined to the coulissieres of the larger establishments. There are only the Commission Bank and the Borsen Credit Bank which are in straits, and the firm of Reitzes, which has had a leading part in getting up the tramways of Vienna. The first decided yesterday evening to declare its solvency to-day, but now only winds up the house of Reitzes, and the Borsen Credit Bank are trying to conclude an amicable arrangement with their creditors. It is confidence which has received the most terrible shock. The heaviest day has indeed passed; but there is the Saturday to come, on which arrangements made on Friday last and transactions made since are to be settled, and no one seems inclined to venture forward before the worst is known.

Card from Henry Ward Beecher.

The following card was published to-day:

"To the Editor of the Brooklyn *Eagle*—Dear Sir: I have maintained silence respecting the slanders which have for some time past followed me. I should not speak now but for the sake of relieving another of unjust imputations. The document recently published bearing my name with others was published without consultation, either with me or with Mr. Tilton, nor with any authorization from us. If that document should lead the public to regard Mr. Tilton as the author of the calumnies to which it alludes, it will do him great injustice. I am unwilling that he should even seem to be responsible for injurious statements whose force was derived wholly from others.

"HENRY WARD BEECHER."

The Missing Steamer.

The names of the passengers on board the missing steamer George Cromwell, which left this port for New Orleans and is now one week over due, are: First cabin, Mr. Fuller Love, Mrs John Dockendorff, and Mrs. S. Dale; second cabin, Joseph Gellecks, Robert Willis, Joseph E. Fodina, and Oconna Scott (colored). The officers are: Captain, S. S. Clapp, of Brooklyn; First officer, Mr. Crawford; First Engineer, Mr. Jameson; Second Engineer, Mr. McDonald.

Fatally Injured.

John E. Dunham, brother of Dunham the piano manufacturer, went into Kirker's saloon, near Harlem bridge, yesterday, while under the influence of liquor, and had something to eat. Refusing to pay, he was attacked by Kirker and and his cook and fatally injured.

Suit Discontinued.

The suit against Harvey Barnes to recover $60,000 for undervaluation of imported sugar has been discontinued, the defendant paying the amount claimed, together with nearly $5,000 costs.

A Swindling Widow.

Hortense P. Watson, widow of Judge Watson, of California, was again committed to the tombs yesterday morning for swindling Mr. Richards, proprietor of the Anthony House, Broadway.

Two Men Drowned.

Robert Davis and William Swift were drowned in the North river last evening by the capsizing of a boat.

A Murderer Surrendered.

Fitzpatrick, who killed his wife in Yonkers, has surrendered himself to the police.

United Presbyterian General Assembly of the United States.

PHILADELPHIA, June 2.—The United Presbyterian General Assembly resumed business this morning. The committee to whom was referred the report of the Board of Church Extension reported that one-ninth of the Presbyterian congregations are without houses of worship, and that it should be one of the first cares of the General Assembly to apply a remedy.

Resolutions were submitted by the Committee approving the action of the Board enjoining Presbyteries to use their utmost efforts to secure contributions from the congregations under their care; ordering that after the present year all applications for aid shall be submitted to the Board before May 1st of each year; that the Board be limited in its expenditures to the amount appropriated by the General Assembly, unless private liberality should warrant an additional expenditure; that a request from the Chicago Presbytery be not granted unless it be found that the Church at large is benefited thereby; that the Church property at Morrison, Tenn., be sold, and the proceeds revert to the Board of Finance; that $32,000 be appropriated to the Board for the present year, and that Rev. J. Witherspoon, Rev. J. S. Sands and Elder Wm. Reed, whose terms as members of the Board expire, be re-appointed.

The following resolution was added: That all congregations receiving aid from this Board, or which shall receive aid from it in the future, be enjoined to study simplicity and economy.

The report of the Committee on Seminaries came up and the resolutions recommended by the committee were taken up for consideration, pending which the Assembly adjourned till afternoon.

At the evening session reports from various committees were read and placed on the docket. A memorial from the Synod of Illinois recommending the transfer of the Presbytery of Minnesota from the jurisdiction of said Synod, which change is suggested by the Presbytery on the plea of economy, was read. A resolution was offered that the prayer of the memorialists be granted conditional on the consent of the Synod of Iowa.

The question of the establishment of a general delegate, petitioned for by the Presbyteries of Leclair and Western Missouri, was reported upon and negatived by the committee, who suggested its reference to a committee to report at the next Assembly.

The report of the Committee on Course of Study and Seminaries was taken up and its main feature adopted. They recommend that Professors give their earliest attention to the arrangement of the course of study and designation of text books, their conclusion to be reported to the next Assembly.

LOUISIANA.

Address of Gov. McEnery.

NEW YORK, June 2.—A New Orleans special gives an address of Governor McEnery, in which he says: "President Grant, as Chief Magistrate of the nation, has assumed a high and grave responsibility in foisting upon the people of this State a usurpation without a precedent in this or any other country, and he is answerable before the bar of public opinion for this high-handed measure. The President, with the army and navy at his command, has the physical power to coerce the people of this State into any line of policy he may be pleased to dictate, and it would be but folly and madness to interpose resistance likely to bring us in conflict with the National authority. Yet the deeply fixed sentiments of irrepressible hostility in the minds and hearts of an outraged people against the vilest usurpation ever attempted to be fastened upon freemen, will find their full scope and vent. I advise that these manly and patriotic sentiments take form and shape through all the moral and legal agencies possible to be devised. In the meantime I trust peace and order may reign supreme throughout the State, and that all our industrial pursuits will be unembarrassed by political difficulties, and especially do I urge upon the people of the two races, who are numerically nearly equal in this State, to cultivate one towards another nothing but feelings of amity, good feeling and mutual understanding."

—There was a great trades union demonstration in Hyde Park, London, on Sunday, to protest against the law which harshly and unjustly affects the interests and rights of labor. Thirty thousand people were present, and the meeting was most successful.

—At the election in Illinois, on Monday, Judge Lawrence was elected to the Supreme Court of the Fifth District, and John Schofield was reelected to the Supreme bench in the Second District. Judge Booth was also elected.

THE MODOCS.

Captain Jack Captured.

THE WAR ENDED.

SAN FRANCISCO, June 2—Applegate's House, Clear Lake, June 1—5 P. M.—A series of prolonged yells and cheers aroused the camp from a pleasant siesta half an hour after the departure of my last courier. General Davis, General Wheaton and other officers and all the men rushed from the house and tents to find the cause of the uproar, and at once the whole camp was in commotion. Down the level plain north of the house was a grand cavalcade of mounted horsemen. The steeds rushed forward at once at a furious rate and soon neared the groups of spectators gathered about the premises. "Captain Jack is captured," shouted a sturdy sergeant. Again the valley echoed with cheers and yells. The mounted command was that of Perry. He had returned from a scout of thirteen hours. Three miles above the mouth of Willow creek, at half past ten o'clock this morning, the Spring scouts struck a hot trail. After a brief search the Modocs were discovered.

Colonel Perry surrounded the Indian retreat. His men were bound to fight. Suddenly a Modoc shot out from the rocks with a white flag. He met a Warm Spring, and said Jack wanted to surrender. Three scouts were sent to meet Jack. He came out cautiously, glared about him a moment, and then, as giving up all hopes, came forward and held out his hand to his visitors. Then two of his warriors, five squaws and seven children darted forth and joined in the surrender.

The command that made this famous scout is the first squadron of the First Cavalry, Col. D. Perry, composed of Troop F, Lieut. Miller, and Troop H, Major Trumbull, and medical officer Assistant Surgeon Dewitt. The guides were C. Pullman and H. A. Applegate.

Jack is about forty years old. He is five feet eight inches high, and is compactly built. He has a large and well formed face, full of individuality. Although dressed in old clothes, he looks every inch a chief. He does not speak to any one. The Modocs are grouped in the field near the house, and surrounded by a guard. The spectators peer in Jack's face with eager interest, but he heeds them not. He is as still as a statue.

ARKANSAS.

The Gubernatorial Fight—Application for a Writ of Quo Warranto Against Gov. Baxter Filed.

LITTLE ROCK, June 2.—In the Supreme Court to-day the Attorney General filed an application for a writ of quo warranto against Gov. Baxter, to show by what authority he holds the office of Governor. The application states that the Governor has unlawfully usurped the place. Although Gov. Baxter refuses to recognize the right of the Court to make such application, and announced that he would not answer the mandate issued by it on application, and refused to employ counsel to fight the matter, Judges English and Compton, both eminent attorneys, appeared in Court and opposed the filing of the application. Argument on this point has been going on all evening, and will be continued to-morrow. The filing of this application by the Attorney General has renewed the excitement of a few days ago, when it was first rumored that such action was to be had. Should the writ be granted, a conflict will ensue. The Governor holds that the Legislature adjudicated the matter, and that it was the only power that had the right to do so. The militia is being reorganized by him.

—The Credit Mobilier bill in equity has been amended by including the names of Andrew Carnegie, J. Pierrepont Morgan and John Pender, of New York, and Thomas Scott, of Pennsylvania, as additional defendants with Cornelius S. Bushnell, of New Haven, as having shared in the profits realized in the sale of bridge bonds.

—A special dispatch to the London *Times* from Paris says the Minister of the Interior has sent a circular to the prefects of departments, inviting a union of all good citizens in support of order, and advocating an energetic maintenance of conservative principles as the only means of the restoration of the country.

—The town of Caddo, in the Indian Territory, which was seized by a gang of desperadoes some days ago, has been retaken by a detachment of United States troops from Fort Smith, and six of the marauders captured. One or two murders are reported to have occurred while the outlaws held the place.

—A fire in Otis' Block, on Wabash avenue, Chicago, on Monday afternoon, destroyed $119,000 worth of property, on which there is an insurance of $75,000.

Competitive Examinations in the Treasury Department.

The statement that the Board of Examiners for the Treasury Department resigned on account of the failure of the system of open competition is pronounced by them as unfounded. On the contrary, the present system has proved successful, especially in regard to original appointments, and the Board so stated in their recent report to the Advisory Board. The character and ability of the persons appointed to $1,200 clerkships from the examination is admitted by the heads of bureaus and all others having knowledge of the facts to be very superior, and the success of the recent examination for $900 clerkships is even more marked.

Ambassador to Japan.

The President has appointed John A. Bingham, of Ohio, Envoy Extraordinary and Minister Plenipotentiary of the United States to Japan. The commission was signed this afternoon.

Synopsis for the Past Twenty-four Hours.

WAR DEPARTMENT, OFFICE OF THE CHIEF SIGNAL OFFICER, WASHINGTON, June 3, 1873, 1 A. M.

The barometer is now highest over New England, where it has risen, with partly clear weather and winds veering to northerly and easterly. Rain has fallen in South Carolina, Georgia, northern Florida, northwestern Louisiana and from Nebraska and northern Missouri to Dakota and Minnesota and western Wisconsin. Otherwise clear weather has continued. A minor disturbance has advanced northeastward into northern Florida and southern Georgia, producing heavy rain.

Probabilities for To-day.

For New England, clear or partly cloudy weather and winds veering to easterly and southerly are probable.

For the Middle States, easterly to southerly winds and clear or partly cloudy weather, with possibly areas of light rain over the lower lake region.

For the South Atlantic States, easterly winds, cloudy weather and light rain, the former shifting to southerly and westerly over Georgia, South Carolina and Florida, with clearing weather.

From northern Missouri to Minnesota and the upper lake region, southerly to westerly winds, generally cloudy weather and rain areas.

For the southern portions of Ohio, Indiana and Illinois, and southward over Alabama and Mississippi, easterly and southerly winds and partly cloudy weather, with possibly rain areas in the lower Mississippi valley.

A RUN FOR LIBERTY.

A Convict of the Western Penitentiary Makes His Escape and is Recaptured.

Yesterday afternoon as a lot of prisoners were taken into the front yard of the Western Penitentiary to do some work, and while the guard's back was turned, one of them, named Amos Andrews, made a bold dash for freedom. He jumped the fence, ran up Sherman avenue, across the Park to Buena Vista street. Here he was stopped by a citizen, but he had to let him go, as the convict was armed with a hatchet, with which he threatened to kill him. The citizen of course let go and the fugitive darted away again; this time officer Harris followed him at a rapid pace, but having no revolver he hardly knew how to stop him, as the fellow was armed with a hatchet he had taken from the prison. The officer, however, pulled out his handy-billy, pointed it at him and theatened to blow his brains out, if he didn't stop. Andrews did stop at the threat, and let the officer take him back to prison. Officer Harris received fifty dollars from Warden Wright for Andrew's recapture.

Amusements.

PITTSBURGH OPERA HOUSE.—The season at the Opera House closed last evening in a brilliant manner, with a benefit tendered the attaches of the establishment. The play presented was "Damon and Pythias," and never were the leading characters in this great drama generally better played than they were by Messrs. Gotthold and Forsberg, respectively as "Damon" and "Pythias." Throughout the play was vociferously applauded. Miss Mary Rickords, as "Calantha," drew a fair share of admiration for her really admirable impersonation of the character. The balance of the cast was fair. The afterpiece of "Smith & Brown" closed the performance, Messrs. Elisler and Irving appearing as "Smith" and "Brown." At the close of the farce, and just before the curtain fell, Mr. Elisler was presented with an elegant silver set by his friends and admirers in this city. He accepted the present with thanks, and responded in a few appropriate words. The audience was undoubtedly the largest of the season.

Yesterday's Excursion to Homestead Park.

Sixteen passenger cars filled with a thousand or more guests of the Homestead Bank, started from the Union Depot, after a delay of some forty minutes over the announced time of departure, and had proceeded to the south end of the Panhandle bridge, where the engine jumped the track at a point where the company are replacing a wooden bridge with an iron one over a coal incline. This caused another very annoying detention of over an hour, during which many of the party lost patience and left the train, which finally got off and reached its destination about noon in a rather demoralized condition. But the inspiring strains of the Great Western, admiration of the exquisite scenery and wonderful beauty of the Park and a substantial refreshing of the inner man, to some extent restored the tone of the company, and the afternoon's business was very satisfactory to the bank as well as purchasers. At five o'clock the return train pulled up to the station and the sale closed with a net result of nearly $50,000, which no one who was present doubts would have been more than double if the accident of the morning had not occurred. But notwithstanding the drawbacks, which would have "took the starch right out" of anybody but the Homestead Bankers, or anything but "Homestead Park," all came home well pleased—the "picnicers" with a delightful day; those who meant business, with the bargains they got in consequence of the ill wind that always blows good to somebody; and the managers with the knowledge that there are now at least a thousand people in the city that know and believe that Homestead Park is the handsomest place for a suburban village in the country, and this itself would more than pay for the excursion if not a lot had been sold; but the sales, considering the short time, were quite large, reaching nearly $50,000. The excursion will be repeated in a few days, of which proper notice will be given.

A Superior Stock.

At the extensive wholesale and retail furniture warehouse of Messrs. Joseph Meyer & Son, Nos. 412 and 414 Penn avenue, (east of railroad crossing) is to be found a greater variety and a finer assortment of furniture than anywhere in either city. They make a specialty of keeping a first-class article of furniture, and sell no goods which they cannot guarantee for service and durability as well as for elegance and style. They control some of the most valuable patents in the line of furniture manufacture, and many desirable articles are to be had at their rooms not to be had elsewhere, and which they offer as low as the same quality of goods can be sold anywhere.

VIEWERS' REPORT ON THE OPENING of PARK AVENUE, from Penn avenue to eastern boundary line of the city.

To the Select and Common Councils of the City of Pittsburgh:

The undersigned Viewers of Street Improvements in the City of Pittsburgh, appointed by the Court of Quarter Sessions of Allegheny county, and authorized by an Ordinance passed on the 9th day of December, A. D. 1872, a copy of which is hereto attached, to appraise the damages sustained in the opening of Park avenue, from Penn avenue to eastern boundary line of the city, in the City of Pittsburgh, and make an assessment therefor under the provisions and in accordance with an act of Assembly, entitled "An act concerning Streets and Sewers in the city of Pittsburgh," approved January 6th, 1864, and the supplements thereto, respectfully report:

That having been first duly sworn and qualified according to law, they proceed in the manner and according to the directions of said act, to discharge the duties of their appointment; and, having given the notices required by said act, they have viewed the premises and heard all the allegations and evidence of the several parties claiming damages, and, after full consideration thereof, made a true and conscionable appraisement of the same; that, after ascertaining the whole amount of damages, they made an assessment of the same upon the properties benefited by said improvement, and caused a plot to be made and prepared a statement as required by said act; and having given to the owner of each lot ten days' notice of the time and place of meeting, they met on the 16th day of May, A. D. 1873, at the office of City Engineer, in the City of Pittsburgh, heard all the complaints and evidence presented, and after full consideration thereof, do find that the following named owners of property will sustain damages for which they are entitled to compensation, each for the amount set opposite his name, respectively, viz.:

TUESDAY, JUNE 3, 1873.

BONDS at Frankfort 95⅛.

PETROLEUM at Antwerp, 40¾f.

GOLD closed in New York yesterday at 117½ @117⅝.

THE Louisville *Commercial* has been changed to a quarto sheet, and looks well in its new form.

THE Legislature of New York has adjourned, for which the journals of that State are exuberantly thankful.

THE public debt statement for May is of the more favorable sort. The amount of decrease is given at $3,525,282.

THE *Post* is now anxious to make capital against the President because of his salary being increased. We were not aware that any decent paper in the country objected to this. It is well known that he did not accept the retroactive phase of the bill, which entitled him to draw back pay, had he so desired. The increase is not objected to.

MCENERY, of Louisiana, has issued an address, in which, after severely criticising President Grant, for what he calls his usurpation, admits the necessity of ceasing resistance to the United States forces. This is a very sensible conclusion, so far as it goes. It would be better, however, if he would extend his advice so far as to counsel his followers to accept in good faith the existing government, and, by orderly regard for the laws, seek to promote the prosperity of the State.

CAPTAIN JACK seems to play hide and seek with our soldiers, very much as his own sweet will may dictate. Still it is a gratification to know that the murderer of Dr. Thomas has been secured. We hope he may be promptly tried by court martial and disposed of. In the meantime, the hide-and-seek Modocs are being received, as they surrender one by one. What particular considerations of mercy governed in permitting the escape of Captain Jack remain to be stated.

IT is rumored that the Constitutional Convention will not complete its labors during the present Summer, but will very shortly adjourn until Fall. The present arrangement is, to complete five articles on Legislature, Legislation, Judiciary, Election and Representation and Railroads, comprising the most important items before the Convention, order them published, and then meet in October and complete their work. This will leave the subject open to discussion, and afford some clue to the sentiments of the people, thus enabling the Convention to conform its decisions more completely to the popular will. We regret delay, but under the circumstances it may be for the best.

WE HAVE been greatly annoyed, of late, to know that letters containing money, mailed to us by subscribers, have not come to hand. So frequently has this occurred of late, that we are constrained to call the attention of the Postoffice authorities to the subject. In addition to our own experience in this particular, we hear of other instances in which letters containing money have been mailed, and did not reach their destination. We do not accuse the Postmaster or his subordinates in this city, but somewhere in this western part of this State there are persons who rifle the mails. We hope the Postoffice authorities will deem the matter of sufficient importance to place a detective in pursuit of the guilty parties.

AN important dispatch from Berlin indicates dissatisfaction on the part of the German Government with the change of administration in France. Just what are the reasons for its dissatisfaction we are not informed. There is no reasonable doubt of the payment of the indemnity. Beyond this, the present administration will be likely to respect the Treaty of Frankfort just as far as Theirs would have done. The French will continue peaceful toward the Germans till they think themselves strong enough to make war against her successfully. When that time comes, no administration the country can have will be able to resist the popular impulse to seek, by renewed war, to punish their terrible enemy.

NEW YORK has, at last, what we regard as the best form of temperance legislation, a law similar to that in Ohio, holding liquor sellers to a money responsibility for injury done their customers, by the use of liquors. This is a sensible and proper method of dealing with the subject, and will rapidly bring those responsible for injuries to a sense of the danger of dealing in an article which may occasion severe loss. The enactment of a law to this effect in New York is a curious illustration of the value of firmness in a right course. Governor Dix, while favorable to sumptuary legislation, would not sign the bill originally passed, for the reason that it did not sufficiently guard the sale of liquor where license might be voted. He was at once denounced in intemperate language. Now it turns out that his was the wise course, and his defamers admit it.

THE announcement that the Plymouth Church authorities propose to investigate the Beecher-Tilton scandal, confirms what we stated, a few days since, that the publication of the alleged compact between Beecher, Tilton and Bowen, would lead to farther developments. The publication referred to, seemed at the time, to us, more like the act of an enemy to Mr. Beecher than that of a friend. The document referred to, carried with it an inference of wrong, but simply proposed to hush up all allusion to it. We sincerely deplore the evil spirit which would set afloat such injurious scandal, but being done, [...] was to hush it with silence or give it a fair and thorough investigation. To break silence at all, involved a searching inquiry into the entire affair. Had Mr. Beecher denied the truth of the statements made, doubtless Bowen or Tilton would have challenged his denial. It is an unfortunate occurrence all round, but we hope the great preacher, whose noble sentiments, and inspiring eloquence, have made him to be honored and admired through the entire country, may come through the ordeal unscathed.

THE Orleanists in the French Assembly have been seeking an alliance with the Left Centre,—Thiers' party, but are rebuffed. Having united with the Legitimists and Orleanists to drive Thiers from power, they now find themselves sold out, and, of course, the Lefts will not receive them, as they hoped to do them all the injury possible. They are thus a floating element between the other parties, an arrangement that leaves the great parties without a controlling influence. While the Orleanists really possess the balance of power, they are so mistrusted by the other parties that the influence is of little use to them. It is no advantage to their cause to help either of the other parties, unless they can share in the benefits to be derived; but this is just what will not be allowed them. This break may yet lead to the disintegration of the present Assembly, an event which will wonderfully aid any designs the President may have. If he wishes to perpetuate his own power, he can control the elections to that end. If he prefers to again establish the throne, a *coup-de-etat* can very easily be arranged. Altogether, affairs in France appear to be in a state of transition.

WISDOM REBUKED.

The Farmers, in their National Congress, at Indianapolis, have shown more wisdom than they have at several local meetings. A resolution "That, in order to secure a reduction of the extreme rates of railway and marine transportation of American produce, it is absolutely necessary that iron and all other supplies necessary for the construction of railways, steamships, and other vessels, be admitted into the United States free of duty," was reported against by the Committee on Transportation, though on the rather curious ground that it would introduce politics into the Convention. Thereupon the Chicago *Tribune*, in its rabid earnestness to enlist the Farmers in the Free Trade movement, severely rebukes the Convention, claiming in effect that the tariff on iron represents as really a tax on them as do overcharges for freight. The entire inference of the article is that the alleged overcharge on freight is the result of the tariff. We have heretofore pointed out that the entire difference the repeal of the tariff on iron would make in the charges on freight would be the interest on the alleged extra cost of the iron that enters into the construction of the road, under the tariff as compared with free trade. The entire cost of a railroad, iron, grading, ties and equipment is about $60,000 per mile. There is no evidence that it would be less under a free trade system, as the iron is the smaller item of cost, and it is now perfectly certain that it cannot be imported much less than it costs here. Hence, the entire difference in the cost of a road from New York to Chicago under the best circumstances, would be less than a million of dollars. How much advantage would it be to the cause of cheap freights, to have the interest on this sum taken from the current outlay of a railroad company?

But the *Tribune* is even weaker in its attempt to show that the general advance in the price of articles, during the last thirteen years, has been relatively against the farmers. The following is its table, giving the price of Wheat, Corn and Oats, in Chicago and New York, on the 28th of May, 1860, and the same day in 1873. The difference in prices between the two cities it claims represents the freight from Chicago to New York:

	1860		1873	
	Chicago.	*New York.*	*Chicago.*	*New York.*
Wheat...	$1.02	$1.23	$1.29	$1.66
Corn....	46	54	37	64
Oats....	29	39	32	57

On their face, these figures make a point for the *Tribune*. The statement has, however, been recently made to us, by the Vice President of the Company, operating the lines from Chicago to this city, that they are carrying grain for a cent a ton per mile. The distance from Chicago to New York is, in round numbers, nine hundred miles. Estimating sixty pounds to the bushel,—we will readily see that the cost from Chicago to New York is three and two-third cents per bushel. Yet the *Tribune* estimates transportation on a basis of ten times the actual cost. It is also to be remembered that the western and eastern markets have their special fluctuations from local causes. Thus in two essential particulars, the *Tribune* is in error,—the real rate of charge on eastward bound freight, and the influence of the tariff on such charges. We do not suppose for a moment that the repeal of every tariff charge on iron would affect in the slightest the rates charged on railroads. They are governed mainly by the law of competition—not by the, to them, abstract question of tariffs. Of course, every railroad corporation seeks in the first instance, to make enough to afford the interest on its bonds, and a dividend on its stock. But when brought into competition with other carrying agents, they make their prices to correspond to the competitive demand. Thus in winter rates are higher where the water routes are closed than they are in the spring and summer when they are free.

The farmers are, in the main, in the right. They will ultimately find a remedy for their trouble in the growth of population, the development of manufactories—in the building up of home markets for their produce. This is their remedy against what, in the West, is the undoubted extortion of the railroads. And the sooner they get their home markets developed, the sooner they will find relief. In the meantime they strike the real cause of a part of their wrongs when they demand cheaper freights. The railroads ought to co operate in the development of a country, when from that growth and development it will receive its full share of benefits. But to ask the farmers to strike at the tariff laws is about as wise as to ask them to attack the moon.

THE CONVENTIONS.

To-day the several Conventions, of which notice has been given, meet to nominate candidates for local offices, and the Legislature. The canvass for nomination has been very active and energetic and bids fair to continue till the actual assembling of the Conventions. Singularly enough, the candidates whose chances are considered good are not conceded the nomination by their competitors and so the struggle continues on. The scope of the efforts being made is, however, quiet narrowed—the people having had their say, and the delegates being the parties to consult now. We are not careful to mingle in this contest, those likely to be nominated being of a class that it will be our pleasure to earnestly support. We are gratified that the canvass, while earnest and vigorous, has been friendly and loyal to the party, and have no reason for believing that any of the disappointed candidates will fail in their party allegiance, because of their ill-success.

It sometimes happens that when persons who are sanguine of success, and who have made great efforts to secure a nomination fail, they are prone to imagine themselves cheated; and while they do not break away from the party, are lukewarm, or positively, but secretly opposed to the fortunate candidate. We sincerely hope this will not be the case in the present instance. So far as we can judge, the canvass has been open, and the contest fair. The successful candidates, be they whom they may, are entitled to the same confidence and support, from their competitors, that they would naturally have expected, had fortune favored them. If this is the spirit that shall be manifested, the canvass will be pleasant and harmonious, and the prospects of the defeated candidates for future favors all the brighter. There is no real reason for other than a quiet canvass in this county, unless the trouble shall come from within the ranks. This being the case, no trouble or difficulty ought to exist at all.

ITEMS OF INTEREST.

AN Iowa justice, with rightful claim to the title, has fined a man $5 for snatching a paper from a newsboy.

THE Norton furnace and Woodward's large saw mill in Norton, Massachusetts, were burned down by a lunatic.

THE Pennsylvania railroad carries over three millions of tons of coal a year, and most of it is consumed in the State.

THE trial of William Tweed has been adjourned till October, in consequence of the sickness of John Graham, one of the counsel.

THE Captain-General of Cuba has been officially notified to carry into effect the order of March 24, directing the emancipation of 10,000 slaves.

THE dwelling of Alfred Louden, in Higginsport, Brown county, Ohio, and the store of Louden & Kantz, adjoining, were burned on Saturday. The loss is $13,000.

FROM and after the 1st of July, 1874, the valuation of the pound sterling, as expressed in the money of account of the United States, will be $4.86⅝, instead of $4.84 as at present.

IT seems that Massachusetts proposes to keep the Hoosac tunnel under State control. She does not intend to have the route monopolized by any railroad corporation to the exclusion of other roads.

A PAIR of mocking birds who built their nest in a honeysuckle vine near a dwelling house in Wilmington, N. C., recently put a cat ingloriously to flight by attacking her boldly when she came too near their home.

CHARLOTTE, Michigan, has a handsome female doctor. Sickness has been very bad among the males since the lady hung out her shingle, and she has kept two boys constantly employed making bread pills for her patients.

A SPECIAL from Berlin says that the German Government is dissatisfied with President MacMahon's address to the French Assembly, and will not enter into regular diplomatic relations with his Government until satisfied France will faithfully adhere to the Treaty of Frankfort.

POSTMASTER-GENERAL CRESSWELL has decided [...] which forbids the transmission of any free matter in the mails after June 30, will put an end to the free carriage of exchanges and of newspapers within the county of publication, as well as to the franking privilege.

A DESTRUCTIVE fire occurred at Peru, Illinois, on Sunday morning, originating in some unknown manner in one of the stores of the McCormick block. The city being destitute of a fire engine, the fire spread rapidly and destroyed five stores with most of their contents, and greatly damaged the sixth. Loss $85,000.

AN odd accident happened to a London artist this season. Mr. Orchardson, at the last moment previous to the exhibition of the Royal Academy, was rubbing his picture, and near him stood a lamp containing paraffine. His cloth caught the flames, and blazing up, burned out a boat which lay in the foreground of the picture.

A NEW association was constituted the other day in Saxony under the name of Deutsche Kriegerbund, or Association of German Warriors. Already, it comprises 150 local associations in all parts of the Empire, with 30,000 members, and the first meeting was presided over by the Prussian Lieutenant General Herr von Stockmar. The fete was held at Weissenfels, near the battle field where Gustavus Adolphus fell.

AT Greencastle, Indiana, recently a boy was ejected from a hall where an entertainment was being given. He sought revenge by seizing a coal oil lamp which stood in the lobby, and throwing it into the body of the hall, where it exploded. A stampede ensued, and in leaping from the second story windows, many persons were seriously injured. The officers had not succeeded in arresting the young scoundrel at last accounts.

WILLIAM LLOYD GARRISON said recently that he had set type enough to form a typographic railroad from Boston to Liverpool.

ENOS T. THROOP, who was Governor of New York in 1831, is at his old home near Auburn, still hale and vigorous, though in his ninetieth year.

MISS LUARA KEENE was robbed of a portion of her stage wardrobe by a sneak thief, a few days since, in New York. It was afterwards recovered.

THREE New Hampshire brothers recently married a mother, a daughter, and a granddaughter, and it was the eldest of the brothers that married the grand-daughter.

MLLE. NELLY DE MALAMARE DE TREBEY, who has just taken the veil in France, got much celebrity during the late war by having stabbed a Prussian officer who had entered her father's chateau and insulted her.

THE residence of the late LeGrand Lockwood at Norwalk, Conn., which cost $1,300,000, has gone into the possession of the Lake Shore and Michigan Southern Railway Company, which held a $300,000 mortgage on it.

THE Marquis of Lorne and the Princes Louise are endeavoring to raise a sum from which the salaries of all clergymen of the Church of England shall be augmented if less than £200 per annum. A little leveling down among the rich bishops and deans would do it sooner.

HON. JOHN P. HALE of New Hampshire, is now in much better health than he has recently been, and has gone to spend the summer months with his son-in-law, Mr. Edward B. Kingsley, on the Hudson River, near West Point.

LOUIS NAPOLEON'S villa at Vichy was disposed of by auction recently at the civil tribunal of the Seine, the sum brought being only 50f. over the upset price, viz., 50,050f. A cottage adjoining the villa was disposed of for 30,050f., also 50f. above the upset price.

A FRIEND at West Chester writes as follows. It gives us great pleasure to print his cheerful words: "I had to laugh at your announcement of Hickmen's illness. The dear old fellow has been very much indisposed indeed. But to-day he is walking in his garden, infinitely more concerned least his man shall place bean poles the infinitesimal part of an inch beyond the proper width, than he is disturbed about his joining Dale Owen's spirits."

VICE PRESIDENT WILSON is in Boston. He is suffering from overwork, which has affected his eyes. During the late campaign Mr. Wilson made over 130 speeches, and traveled nearly 20,000 miles. He has attended to the Congressional labors during the past winter, and at the same time was preparing the second volume of a historical work for publication this autumn. His physician now orders a cessation of all work, including correspondence, and that Mr. Wilson shall seek rest and relaxation during the summer.

DR. KEYSER

ON

CONSUMPTION.

One of the most renowned Physicians in this city for the treatment of all Lung and Chronic diseases is Dr. Keyser, of Liberty street. He has devoted the best years of his life to the investigation and treatment of this class of maladies, and has an office fitted up in the rear of his Medicine Store, where patients will receive the best treatment that can be obtained for the cure of all such ailments. Dr. Keyser has demonstrated the truth beyond all cavil, that Consumption is a curable disease, as curable as any within the catalogue of human ills.

He can point with pride to persons who now walk our streets in the robustness of good health who at one time were wasting away under the sad influence of this fearful malady.

His plan of treatment is, in the most part, peculiar to himself, is restorative and strengthening, and builds up the constitution by gradual but sure means.

Dr. Keyser's office in the rear of his medicine store, 167 Liberty street. His illustrated treatise on consumption will be mailed free of charge to all who order it.

SECRETS OF BEAUTY.

Beauty is a gift bestowed on woman, with which to gladden the eyes and hearts of man. Have not poets sung it from olden times? Do they not sing it still? Then be careful of it, you who possess the happy boon. Beauty may be in the hair, the eye, the hand—or more than all, the complexion. With a soft, peach-like complexion, a woman is always lovely; and this may be preserved to a good old age with a very little trouble, or a great extent it can be acquired, and it can always be improved. The secret is, keep the blood pure, should pimples, blotches or eruptions of any kind appear on the skin, avoid external applications, and remember the trouble is in the blood. Purify it then by using the SAMARITAN'S ROOT AND HERB JUICES and be among the number of those who are asked where they get those rosy cheeks. Price $1.25 per bottle at JAS. E. BURNS & CO.'S DRUG STORE, Corner Penn and Sixth (old St. Clair) streets.

THE IMPORTANT SALE OF 1873.
THE GREAT OPPORTUNITY TO
SECURE A CHEAP HOME.
Pittsburgh and Castle Shannon R. R. Company's
LANDS AT AUCTION!
At the Village of
CASTLE SHANNON,
THURSDAY, JUNE 5, 1873,
Only Six Miles from the Pittsburgh Postoffice.
Examine the above six-mile circle—note the Prices at which Property is selling on other Railroads.
Castle Shannon Property will be sold at very much lower prices than any of these now, but must soon reach these standard figures.
The Company's Narrow Gauge Railroad is completed to the lands now offered for sale.
The Pittsburgh and Castle Shannon R. R. Co. IS THE ONLY COMPANY OFFERING REAL ESTATE FOR SALE THAT COMBINES THE OWNERSHIP OF A RAILROAD WITH REAL ESTATE. The Railroad having been extended for the express accommodation of purchasers of lots, and will be run in their interest exclusively.
FREE PASSES, GOOD FOR TWO YEARS,
Will be issued to every purchaser of a Lot or Lots who Builds a Residence thereon. Monthly Fare only Two Dollars.
Lots Range in size from One-Quarter Acre to Five Acres.
Enough Property Sold last season to insure the success of the Village.
This Property will be sold at Lower Prices than any other now in the Market.
Large Public Park of Twenty Acres has been donated by the Company.
Location of Property all that could be desired. Fine scenery, plenty of water from a large number of springs; many of the lots covered with fine full-bearing Fruit Trees; soil the most fertile.
The Company also offers a number of COMPLETED DWELLING HOUSES, located on highly improved property; also Garden Plots, very desirable for market gardeners. Size of the garden plots to suit purchasers. Attend the Sale, June 5th; secure a home before this property reaches the prices obtained on all the other railroads leading from the city. Now is the time to buy.
Free Tickets will be furnished to persons wishing to visit the property before the day of Sale. They can be obtained at the Company's Office on Carson Street, South Pittsburgh, or at the General Office of the Company, 75 Fourth avenue, up stairs. An officer of the Company will be on the Property every Monday and Thursday afternoon, and will be pleased to show visitors over the same.
Free Tickets to attend the Sale furnished at either of the Offices of the Company. Free Excursion, Good Music and Free Lunch on the Day of Sale. Trains will run every hour, commencing at 8 A. M.
TERMS OF SALE—10 per cent. within thirty days from date of purchase; $10 on each Lot at time of purchase; balance in twenty quarterly payments, with interest, secured by bond and mortgage.
DON'T FAIL TO BUY NOW, while the Property is cheap.
For further information apply at the General Office of the Company,

GETTYSBURG
KATALYSINE WATER.
The United States Dispensatory, the authorized record of our Materia Medica, classes this water with the most renowned Alkaline or Carbonated Springs of Europe. It far exceeds any ever known in its self-preserving properties. It does not deteriorate by bottling and keeping. It has never been claimed for any other mineral water the power to dissolve the urates, or so-called chalk formations in the body or on the limbs and joints. This the Gettysburg Katalysine Water has done in hundreds of instances. *Gout, Rheumatism, Neuralgia, Dyspepsia, Gravel, Diabetes, Kidney,* and *Urinary Diseases* generally have all yielded to its influence. It has restored *muscular power* to the paralytic, cured *Abdominal Dropsy,* and given healthy action to the *Torpid Liver.* It has cured *Chronic Diarrhoea, Piles, Constipation, Asthma, Catarrh, Diseases of the Skin, General Debility and Nervous Prostration from Mental and Physical Excesses.* It is these by the bottled water. It is a powerful antidote for *Excessive Eating or Drinking.* It corrects the Stomach, promotes Digestion, and relieves the head almost immediately. Pamphlets containing a history of the Spring, reports from eminent physicians and medical writers, marvelous and well-attested cures, and testimonials from distinguished citizens, will be furnished and sent by mail on application to

DAILY GAZETTE.

FINANCE AND TRADE.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, June 2, 1873.

Money remains easy and the supply is amply sufficient for all the legitimate demands of trade. Rates are steady at from 9 to 12 per cent. per annum for first-class paper, the greater part of the business having been done at 10@11. The bank statements now being published, show them to be in a prosperous condition: and the financial situation, taken as a whole, is highly satisfactory.

The real estate market is becoming quite active, but the bulk of the transactions is in the sale of small lots. Quite a number of sales were effected at Homestead Park on easy terms, and if the weather proves favorable, many more will be sold to-morrow, Tuesday, at Ionia Station.

In Philadelphia, money market rates are steady at 6 per cent. call, 7@8 per cent. time, with collaterals for best grades of Mercantile paper. The business demand of the season may fairly be counted over in the absence of disturbing elements in speculative circles.

The money market in Chicago is growing easier, and the supply of money is on the increase. Deposits at the banks are as large as they have been for six months, and the supply of money offered in the open market is large enough to make a good demand for business paper.

There is a material increase in the demand for money in Cincinnati, arising chiefly from the necessity of provision dealers to settle contracts for May, and also from general requirements for meeting larger maturities of paper than usual, and while the market was easy it had a firmer tone. The banks discounted liberally for depositors at 8@9 per cent., and outside of bank an increased amount of prime mercantile paper was negotiated at 9@10 per cent. Money was obtained on call at 7@8 per cent., according to the character of the securities.

The Boston money market continues very easy. Call loans of good collaterals, 6 per cent.; between the banks 5. Very good business paper ranges mostly from 6½ to 7½ per cent. per annum discount, but good names not so extensively known, are also offering at 8@9 per cent. discount.

NEW YORK, June 2, 1873.

Money was easy at 5 to 6. Sterling firmer at 108 11-16 for sixty days and 109⅝@109⅞ for sight. Gold was weak under the announcement that the Government would sell seven millions during the month and the fact that German bankers were free sellers. The clique does not appear to be attempting to control the market. Loans were 3 to 8 for carrying. Clearings $64,000,000. The Assistant Treasurer disbursed $1,000,000. Governments were quiet and firm. State bonds were dull and nominal. Stock speculation was erratic in Pacific Mail, which fluctuated between 40⅜@39, closing at the lower figure. The course of the stock was influenced by rumors in regard to forthcoming statements both from the old and new boards. Outside of Pacific Mail the market was strong and higher, with Western Union, New York Central, Rock Island, Lake Shore and C. C. & I. C. as features. The advance represented a moderate business. The market, with the exception of Pacific Mail, closed strong.

Gold opened at 117⅞ and closed at 117⅞@117⅞.

PITTSBURGH MARKETS—WEEKLY REVIEW.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, June 2, 1873.

ASHES—Market continues quiet, as it usually is at this season of the year, but there is no change to note in prices. Common Soda 4½@4¾, refined, 6. Nitrate, 4⅞@5. Pots, 9; Pearls, 11. Black lead is still quoted at 6. Manganese, 6½. Arsenic, 5; Fluor Spar, 2½.

ALE—Trade is fair—there is rather more inquiry from the country, but no change in prices. X, $8 per brl. to city, and $9 to country; XX, $10; India Ale, 11; half barrels in proportion.

APPLE BUTTER—Will soon be out of season, and the supply, especially of good stock, is almost exhausted; 50@55 cts. per gallon for good to prime.

APPLES—The arrivals continue fair and the supply is fully equal to the demand, but prices are fully sustained; $2.50@3.50 for common to fair, and $4@4.50 for prime to choice.

BUTTER—Trade continues very quiet, and the market is devoid of any new features worthy of special notice: the arrivals, although not larger than usual, are sufficient to keep up the supply and prices are nominally unchanged; 8@12 for common to medium, and 15@18 for prime to choice. Commission men generally are discouraging consignments, and but for this the arrivals would no doubt be much larger than they are.

BAGGING—Penn Mill two bushel bags, 35c; two and one-half bushel, 42; three bushel, 50.

BROOM CORN—There is a fair demand, mostly for small lots, and the market is quiet and unchanged: red, 2½@3c; green, 4@5; hurl, 5½@6.

BEANS—The stock, especially of prime navies is very much reduced, and prices have advanced in consequence: we now quote at $2.75@3.25 per bushel, the outside figure for choice navies.

BEESWAX—Quoted at 35@40c ℔ lb.

CARBON OIL—Continues dull, as it always is at this season of the year, but prices are sustained, in sympathy with the raw material; 17c by the carload, and 1@2c additional for smaller lots.

CANNED GOODS—It was supposed that the reports in regard to the coming crop that it was likely to be a very light one, would have created some excitement in Peaches, but thus far these expectations have not been realized: the market is quiet and prices remain unchanged at $3 per dozen for 3 pound cans. Winslow's Corn is quotable at $2.90@3; and Tomatoes at $2.40@2.50.

CHEESE—The arrivals continue large, and with only an average demand, stocks have commenced to accumulate and prices are a shade lower: we now quote at 10 to 13½, according to quality.

COUNTRY BACON—The hot weather, as might be expected, has curtailed the demand very considerably, but the supply is very much reduced and prices are nominally unchanged: Shoulders, 8@8½c; Clear Sides, 8@8¾; Hams, 9@10. Country Lard, 8@8½.

COTTON, SHEETING and YARNS.—Penn Mill A. No. 1, 4-4 Sheeting, 12½c; Nonotuck, 12c; Pittsburgh Family, 11½c; Juniata B. fine, 11c; White Carpet Chain fine, 36c; Colored, 43c Cotton Batting, 18; Cotton Twine, 38.

CEMENT & LIME—Louisville Hydraulic Cement, $2.00@2.50 per barrel; Calcined Plaster, $4.25@4.50; Land Plaster, 3@3.25. Cleveland and Perrysburg Lime, $1.75@2; Eastern, $1.50@1.75.

CORDAGE & ROPE—Manilla rope, 1½ inch in diameter and upwards, 19 cents; ⅜, 19½c; ¼ and 5-16, 20c; tarred rope and lath yarn, 18½c; and hay and leather twine, 19½. Sisal rope—⅜ and 5-16 inch diameter, 17½c; ⅜, 17; ½ and upwards, 16; hay and spoke twine, 17. Oil well drilling cables—hawser laid, 19c; do. bolt rope and yarns, 20; Sand pump rope, 19.

DRIED FRUIT—The supply of Apples has been considerably reduced during the past week by some large purchases for shipment to New York, but there is no improvement in prices, and not likely to be this year; we continue to quote at 3½@4½, as to quality. Peaches continue very dull and prices are weak although nominally unchanged; prime halves, 6@6½; mixed, 4@5. Blackberries, 8@10. Pitted Cherries, 18@20; unpitted, 6@8.

EGGS—Continue to come in pretty freely, and the market is weak with a drooping tendency; 15 may be regarded as the ruling quotation, although it is probable that a round lot could be obtained at a shade less.

FIRE BRICK—West Virginia, $18 to $20; Bolivar grades, $40; Star, $45; Woodland, $55; Mount Savage $65.

FEATHERS—Live goose feathers may be quoted at 70@75c per lb.

FLOUR—The market has been rather quiet during the past week, and the market is weaker in feeling, although prices have undergone no change whatever. We continue to quote Spring wheat flours at $7.50@8, the outside figure for choice Minnesotas, and red winters at $8.75@9 for western, and $9.50 for city. The outlook, notwithstanding the stock of wheat is comparatively light, does not indicate any advance in prices this year, unless something unusual occurs; on the contrary, the indications generally point in an opposite direction—the reports generally are favorable for a heavy crop, and the advices from Liverpool are not of a character calculated to inspire hopes of higher prices. Rye Flour continues dull but unchanged at $5.50@5.75.

GRAIN—The stock of Grain of all kinds in this market is very much reduced, and with a fair local demand, there is a firmer feeling and prices generally are a shade higher; however, this cannot continue long, as it was brought about by a temporary scarcity, and in the event of increased arrivals, a reaction the other way would most probably be the result. Wheat continues scarce, that is in the hands of dealers, but the mills are well supplied; however, they are taking all the red winter wheat that offers within the range of quotations, $1.80@1.85, and $1.90@1.95 for white. Spring wheat is a shade lower in Chicago and Milwaukee, although this is a matter of but little importance here, except as it affects spring wheat flour—there is little or no demand for it in this market. Oats in fair demand, and may be quoted steady at 47@50, as to quality. Shelled Corn is in limited supply, the arrivals recently having been unusually light, and while prices have advanced, there is not much inquiry; quotations may be fairly given at 57@58 on track and 58@60 free in elevator. Ear Corn is also scarce, but the inquiry is mainly for small lots. There is some inquiry for Rye, and but little offering; indeed, the market is almost bare. Sales reported at 90@93. There is little or nothing doing in Barley, and the season is about over—the weather is becoming too warm for malting, and besides brewers generally have got about all the stock they want.

GROCERIES—Coffee—The latest advices from Rio, the general European market, the condition of the growing crops, the increasing demand for consumption, all point to higher prices this year, in all descriptions of coffee. The European traders hitherto carrying a surplus of 600,000 bags, have this year next to nothing. Ceylon and Java coffee finds ready sale at the public marts, at advancing figures, while in this country these descriptions, of general quality, are growing scarce and valuable. In fact the statistical position is strong; and although the bean is higher than it had reached for sixty years, the best informed are confident in the belief, that a further appreciation in values will accrue, and that soon. The highest estimate made of the growing crop in Brazil, is 1,500,000 bags, showing a falling off of 1,000,000 bags, from an average crop. This deficiency is alarming, when we consider that the crop of 1871, which was short, fully 1,500,000 bags, has not recovered itself, but instead, stocks have gradually diminished and now show signs of a Coffee famine. At our quotations the buyer is favored, but we hear that the wholesale trade will soon advance roasted Coffee 1c per lb. Sugar—All markets exhibit a firmer feeling with a brisk demand for refined goods. At our quotations the buyer is advantaged. Rice—Carolina steady. Molasses—New Orleans firm—Syrups easy.

COFFEE—Choice Rio, 25; Good to Prime, 23⅛@23½c; fair 21@21½c. Old Government Java, 31c; other Javas, 26@28c; Roasted Rio, 1 lb packages, 28c; loose, 27½c. Roasted Java, 33½.

SUGARS—Patent Cut Loaf, 12¾c; Crushed, Granulated and Powdered, 11¾; Standard A, 10⅞; B, 10½; Ex. C, 10⅛c; C, Yellow, 10⅛; Circle C, 10⅛; Lower grades, 9@10.

SYRUPS—White Drips, 65; other grades ranging from 60 to 49, as to quality.

RICE—Choice Carolina, 9; prime, 8¾; Patna, 8@8½; Rangoon, 7½@8.

MOLASSES—Choice New Orleans, 73@75c; Prime 70@72.

SUNDRIES—Pennsylvania Concentrated Lye, $8; Philadelphia, $7.75. Bi-carb. Soda, kegs, 8c; Boxes, 8½c. Hummel's Extract of Coffee, $4. Oswego & Duryea's Corn Starch, 11 silver and satin, 10. Buffalo Corn Starch, 10; Buffalo Gloss Starch, 9. Pearl Starch, 5. Shot, $2.85 per bag. Lead, 12. Wheeling Tobies, $10.50.

FISH—Large Shore, No. 1, 25.00 per barrel; Med Shore No. 1, 21 per brl Bay No. 1, $21 for ½ brls, quarters and kitts, 25c more. Lake Herring halfs, $3.75; Lake herrings, quarters, 2.15; White fish, $8.

HAY—The arrivals of both loose and baled continue large, and with the market overstocked, prices are weak and drooping, and as holders generally have but little hope of any higher prices this year, they are anxious to realize. Baled hay may be quoted at $24 to $25 for common to prime, and Loose, from country wagons, at $25@30.

HIDES—Following are the ruling quotations Green Salted Steer Hides, 11⅜@12⅜; Green Salted Mixed, 11½@11⅞; Green Salted Cow, 11⅜@11; Green Butcher steer, 8@9; Green Butcher cows 7@8; Green Butcher bull hides, 6; Green Salted Kip, 0.13@0.14; Green Salted Calf each, 1.20@2; Green Butcher's Calf, 12; Flint Hides nominal at 22 cents.

MILL FEED—The demand continues very light, being restricted to supplying immediate wants of consumers, while prices are unchanged: Bran, 8@85 cts. per cwt. Seconds, 90@$1. Middlings, $1.10@1.20.

OILS—No. 1 Lard Oil, 73@75 No. 2, 65; Linseed 98@$1. Whale W. B., 88@94; Bank, 78; Straits, 80 Cod $1.50@2 Spirits of Turpentine 50@62.

LEATHER—Following are the current rates for the various descriptions: Oak Sole, heavy, 40@42; Oak Sole, med and light, 35@39; Oak Sole, Spanish, 30@38; Red Sole, B. A. heavy and mid, 31@33; Red Sole, Oronoco, 29@31; Red Sole, good dgd, 28@28; Shoe Skirting, 42@43 Shoe Skirting, trimmed and sold at original weight, 43; Rough Oak Leather, 35@36; No. 1 Pad Skins, per dozen, $7.50@8; Harness, best city, pure oak, 41@44; Harness, best country, 39@41; Harness, ordinary oak, 35@37; Fair Skirting, 44@46; Fair Bridle, per dozen, $60@66; Black Bridle, per dozen, $50@60; Band Leather, per lb, 39@44; Finished calf, country, $1.10@1.40; French Calf, 1.60@2.20; French Calf, imitation, 1.50@1.55; Wax upper, per foot, 23@27; Wax Kip, per pound, 90@$1.

LUMBER—Following are the yard prices: Unplaned lumber—Clear 65 per M; first common $55; second common, 30; third, $27; sheeting, $22. Hemlock, joist and scantling, $20. Pine frame lumber, $28. Planed lumber—first common, $60; clear, 70. Flooring Boards, $35; partition do, $45; shelving on both sides, $35; on one side, $33. Moulded weather boarding, $37; ⅝ inch patent planed do, $25; ⅝ inch unplaned do, $20; 12 inch vertical, $33. Oak and Yellow Pine Flooring, $45. Moulded Battens, 25c. No. 1 18 inch sawed Shingles, per M, $6.50; No. 2, 18 inch do, $5. Pailings, four and five feet, 35. Locust Posts, 50. Lath, $4.25.

POTATOES—There is a continued good demand for both old and new, and prices are still maintained; the former may be quoted in a jobbing way at $1@1.05 ℔ bushel, according to quality and condition, and the latter at $6@7 per brl. However, increased receipts are expected within the next few days, and if so, lower prices will doubtless be the result.

PEA NUTS—Quotable 3¾@4½c per lb, according to quality.

POULTRY—Live chickens, quotable at 75@85c per pair according to size.

SEEDS—There is nothing doing in either Clover or Timothy Seeds, and we omit quotations. Flax Seed in steady demand at $2.10.

RAGS—Quoted at 3½@3⅝c.

WHITE LEAD—There is a continued steady demand, and prices are firm but unchanged, strictly pure in ton lots, 12c; smaller lots, 12½, these are the combination rates. In tin packages, one-half to one cent per lb extra.

WINDOW GLASS—Continues very dull, and there does not seem to be much prospect of an early change for the better; some of the factories have been stopped already, and others will soon follow suit. Discounts off January list range from 60 and 5 to 60 and 10, that is for round lots.

WHISKY—Highwines continue firm and we advance our quotations to 96@97.

CATTLE.

As will be seen, the supply on sale to-day was considerably short of that of last Monday, although it was fully up to the demand, which is evident from the fact that there were still some few remaining unsold at noon; some of the drovers made an attempt, on the ground that their stock cost more, to put prices up sufficiently to cover the enhanced cost, and while this may have been, and no doubt was successful in some instances, we are confident that it was not general. Sellers, generally, while conceding that trade was quicker, claimed that there was no advance in prices; many of the butchers had cattle enough in their slaughter house yards to last them another week, and they, as a matter of course, did not give any countenance to any advance and the drovers were not long in finding this out, hence, their "bullish" ideas soon subsided, and they were satisfied to accept last week's prices.

There were fewer prime heavy cattle than there have been for two or three weeks, and an increased number of fair and medium, although upon the whole, the supply was well adapted to the wants of the trade; as we have before noted, there is an apparent falling off in the demand for the former: butchers generally, quality being equal, prefer light to heavy cattle, and this accounts for the fact that the market in this respect has been turned around from what it was during the spring and winter. Quotations may be given as follows: prime to extra steers, 1,200@1,300, 6⅝@6⅞; one firm, and only one, reported having sold up to 7c but this is an outside price: prime 1,100@1,150, averages, 6@6⅜, according to quality. There was a drove of sealawag West Virginia stockers, which we should judge would weigh from 400 to 600 lbs, but they could not be sold, and had to be taken to East Liberty. Bulls dull, and may be quoted at 3¼@4¼c.

Henry Nagle sold 3 fresh cows for $115: 2 common 800 lb bulls at 3c.

Greenwald & Kahn sold 12 still fed bulls at 4.12½@4.20 cts, also 65 head butcher cattle at 5⅜@6⅜.

Fred Hector sold 1 car fair to good Ohio steers and heifers for Rou sh & Co. at 5⅜@6.

L. Keefer reports 31 head good to prime butcher cattle from Chicago at 6⅛@6⅜, averaged from 1,000 to 1,400.

M. Flinner sold 3 good fresh cows at $115 for lot.

Louis Gerson sold 1 car good to prime small steers at 6@6⅜.

Wm. Moonshine sold 34 good to prime butcher cattle at 6@6⅜.

Lobman & Zeigler sold 2 cars of Chicago stockers at 5.40, and fat cattle at 6@6⅜.

Hartman & Lowenstein sold 2 cars of common to prime at 5⅜@6⅜.

James Hunter sold 1 car butcher cattle from Chicago at 6.10@6.50.

Kraus and Smith reported 2 cars at 5⅜@6⅜.

Sadler, Havens & Co. sold 2 cars of Chicago stock for L. Shamberg at 6@6⅜; 29 head for different parties at 3@5⅜.

Hazlewood and Blackstock sold 34 head of Chicagos at 6⅜@6⅜; 17 bulls at 4c.

M. Kraus 2 cars Chicago cattle at 5.90@6⅜—sold out early.

S. Marks Bro. sold 1 car of good stockers at 5⅜; 4 cars butcher cattle at 6@7.

Nicholas Carr sold 1 car fair to good 1,000@1,100 steers at 6@6⅜.

Orr, Williams & Co. sold 1 car stags and bulls, 4⅜@5⅜.

Holmes, Lafferty & Co. sold 2 cars fair to good Chicago at 5.60@6.30.

SHEEP AND LAMBS.

The supply on sale was considerably short of last Monday, about 1,000 against 1,400; of these fully two thirds were lambs, whereas last Monday, there were fully one third more sheep than lambs; however, while the market dragged a little in consequence of the increased number, there was little or no shrinkage in prices—some dealers reported that they were obliged to make concessions in order to close out, but we do not think it was general, nor on the other hand, was there any advance in sheep. The former sold at from $2.50@4.50 per head, as to weight and quality, and the latter at 5@6⅜c per lb. Following is a pretty full report of the sales as reported by sales men themselves:

John Beeler sold 19 fair 90 lb sheep at 5c, 50 mixed lambs at an average of $3⅜ per head.

Andy Stakely sold sixty lambs at $2⅜@3 per head.

Jacob Keefer sold 36 lambs at $2⅜@4 per head.

Wm. Humes sold 34 lambs at $3@3.75.

Isaac Ackerman sold 150 mixed Washington Co. sheep at $2 ℔ head, up to 5⅜c ℔ lb.

Fowler and Walters report 51 lambs at $3@4⅜ ℔ head; 20 sheep at 4@6.

R. McCaslin reports 30 sheep at 5@6; and 30 lambs at $3@4 ℔ head.

M. Flinner reports 30 lambs at $2⅜@3⅜ per head; 25 sheep at $3⅜.

M. Humes sold 34 lambs at $3⅜@4 ℔ head, 75 sold sheep at an average of 5c ℔ lb.

J. W. Stewart sold 100 fair to extra sheep at 5@6⅜; 50 lambs at $2⅜@4 per head.

John F. Neeley sold 111 head of sheep at 5@5⅜.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, June 2, 1873.

The crude market continues weak and unsettled, and there is a wide range in quotations; we had reports all the way from $2.20 to $2.30 per brl—Fairview Line—equal to 6.30@8.40c per gallon delivered here. Refiners generally appear to be impressed with the belief that there must be a still further shrinkage in values, while producers, on the other hand, claim that the bottom has about been reached, and that a reaction and advance is next in order. Refined continues quiet, and prices are nominally unchanged, 16c on cars here, and 19⅜@19⅜ delivered in Philadelphia.

Oil barrels in light supply, and held firmly at quotations. Countries, $2.10. City make, $2.15 for 9 lb, and $2.20 for 10 hoops.

The Wool Trade.

[From the Shipping List.]

BOSTON, May 31.—The receipts of domestic for the week have been 2,319 bales against 1,678 bales in 1872, and 2,026 bales in 1871. The receipts of foreign have been 29 bales against 2,753 bales last year.

There has been a very fair demand for Wool during the week, with sales of upward of 1,400,000 lbs domestic and foreign, and in prices no material change. Manufacturers are evidently stocking up as much as possible before the advent of the new clip, and small lots of fleece, super and X pulled, and good average lots of spring California have met with a ready sale. Fall California and burry and heavy spring California are not wanted, and can only be sold at low figures. But very little California spring has as yet been sold at over 30 per lb. but some lots of choice Northern are beginning to arrive that will command a higher figure. Ohio fleeces have been sold from 50@56c for X, XX and above, a lot of 15,000 lbs XX Ohio, Harrison county, selling at 51c, and some desirable lots of choice Ohio and Pennsylvania as high as 55@56c per lb, but the latter are extreme figures, and can only be realized for Wool of very choice quality and superior condition.

New Kentucky combing comes forward very slowly, our receipts as yet having been scarcely sufficient to make a price, and the article cannot be quoted at over 50@52c per lb. Prices in Kentucky range from 32@40c for clothing and combing, and at these prices there is very little inducement to operate. Several round lots of unwashed and combing have been sold there at 35@38c per lb, but when the wool is graded, with freight and other expenses added, the margin for purchasers at these figures is very doubtful. Buyers operate very cautiously, and wool to command the current rates must be fully up to the standard.

There is considerable speculation about the opening prices for the new clip, and as usual, the views of holders in the interior are from 5@10c per lb above buyers. Several lots of new Ohio wool have been purchased at 45c, and at 43@48c for Western, Wisconsin and Michigan, and from 40 to 45c for Ohio, Pennsylvania and West Virginia, manufacturers and dealers would be likely to purchase a portion of the new clip, but some of our largest and best houses believe that at 45c per lb in the interior, good Ohio and Pennsylvania fleeces could not be sold at any profit. It would be borne in mind that there is really but a small new England stock and that our machinery is largely consuming; a depression is now comparatively small. The Spring trade has been a decided failure, and manufacturers hold large stocks of goods which they are at present to apparent outlet. If parties at the West, who control the new clip, expect the same high rates of buyers, we think they will be disappointed. Manufacturers are not likely to purchase beyond immediate wants, and speculators will hesitate to go in when the prospects ahead are so uncertain. There is considerable fine foreign wool to fall back upon, including Cape, Mestizo, Montevideo and Australian. Medium wools, suitable for blankets, are very much depressed, so much so that shipments of 200 bales have been made to Europe the past week, and carpet wools are unsaleable even at very low and unsatisfactory prices. The fact is the stock of all kinds of goods still largely exceeds the demand, with few exceptions, and there is no indication or prospect of any favorable change at present.

Many of the sales the past week have been made on 4 and 6 months, adding 7 per cent., and manufacturers, with so large a portion of their resources in goods, have not the means to buy or pay prompt cash. A larger portion of the clip than usual will be turned over to reliable commission houses, and so far as our city is concerned, ample arrangements have been made for receiving, storing and grading the new clip. The new California wool has so far been sold on arrival, at satisfactory prices, and the first arrivals of new Texas have not been sold. Some under limits and instructions, are likely to meet with a ready sale at current rates for the time being.

The advices from abroad indicate no material change. Some round lots of Montevideo and Australian have been sold during the week. In one instance, as high as 58c was obtained for Montevideo, but these were very extreme figures, and realized only for very choice wool.

OHIO AND PENNSYLVANIA FLEECES.—The transactions include 26,000 lbs choice Ohio XX and above, 48@52c; 6,000 do Pennsylvania, X and No. 1, at 48@53c; 10,000 lbs XX Pennsylvania at 55c; 2,000 lbs XX Ohio at 55c; 7,500 lbs XX Ohio at 53c; 25,000 lbs XX Ohio at 52½c; 15,000 lbs XX Ohio at 51c; and 2,600 lbs X Ohio at 50c per lb.

MICHIGAN AND WESTERN FLEECES.—The sales include 7,000 lbs western at 48@50c; 8,000 lbs Michigan at 49c; 10,000 Iowa and Wisconsin at 45@49c; 6,000 lbs western at 46c; and 1,000 lbs coarse western at 41c per lb.

LIVE STOCK.

NEW YORK, June 2.—Beeves; receipts since Saturday 254 cars, or 5,620 head; total for the week 9,200 against 6,000 last week; market opened with a dull feeling, and sales were unusually slow for Monday at a decline of ¼@½c on all grades, but extra, and fancy droves of fat steers that sold in Buffalo at a loss of $5 and upwards per head from Chicago had to be sold here at a loss to the speculator of about $4 per head, exclusive of a few choice steers retailed on long credit at 13⅛@13⅜c; the extreme range for native steers was 10⅛@13c, with but few going higher than 12⅛c; Texas and Cherokee cattle, all fat, ranged from 9⅜ to 10⅛c; the sales include 12 car loads Illinois steers scant 7⅜ cwt at 11⅜@12⅜c; 4 cars 7⅜ cwt, 11⅛@13c; 6 cars 7⅜ cwt, 11⅛c; 5 cars scant 7 cwt, 11⅛c; 6 cars 7⅜ cwt, 12⅛c; 5 cars 7⅜ cwt, 11⅛@12⅛c; 9 cars choice 8 cwt, 12@13c; 7 cars 7 to 9 cwt, 12@13c; 2 cars 8⅜ cwt, 12⅛@13⅛c; 7 cars good 7⅜ cwt, 11⅛@12c; 2 cars 6⅜ cwt, 11c; Illinois stillers, 1,175 lbs, 11⅛@11⅜c; 6 cars Ohio stillers 6⅜ cwt at 11@11⅜c; 18 cars Texans 6⅜ cwt at 10⅛c; 6 cars 5⅜ cwt at 9⅜@10c and 7 cars Missouri stillers, part Cherokee cattle, 6 cwt at 11@11⅜c. Sheep and lambs: The receipts today were 28 cars or 6,100 head, making 18,800 head for the week, against 17,000 same time last week. The sheep were all sheared and ranged from common to prime, with the market a shade firmer at 5@6⅜c. Spring lambs were in demand at 11@14c; sales sheep include 11 car loads, 80 to 94 lbs, at 6@6⅜c; 1 car poor, 70 lbs, 5c; 1 car Virginia lambs, 54 lbs, 12c; bunch of prime Jersey, 61 lbs, 14c; a lot of common State, 43 lbs, 11c; mutton were selling readily at 8@10c. Swine: receipts 83 cars, or 10,100 hogs; total for the week 28,870 against 35,260 last week; no live hogs on sale, but dealers quote good corn fed nominally at $5.40@5.60; city slaughtered hogs in demand and shaded at 6⅛@7⅛c.

PHILADELPHIA, June 2.—Beef cattle dull and prices favor buyers; sales 2,300 extra Pennsylvania and western steers $7.50@8.00; fair to good $6@7; common $5@6. Sheep unchanged; sales of 3,000 at 5@6⅜c. Hogs in fair demand; sales of 5,000 at $9@8.25.

RIVER NEWS.

The marks last evening indicated 3 feet 6 inches and falling slowly. We are in hopes that there will be some rain soon, if not, navigation in a few days more will be about suspended.

The arrivals include the Carrie Brooks, from Zanesville, and the towboats Hercules and Fearless.

The United States Marshal sold the towboat A. J. Barker yesterday to John F. Dravo for $9,000.

The Juniata, Capt. C. L. Brennan, will positively depart for Cincinnati this evening, or early to-morrow forenoon. She has been provided with lighters, so that notwithstanding the low stage of water, she will go through without delay.

The Mallie Ragon for Wheeling was the only departure.

The Mollie Ebert and Rover, Pittsburgh to St. Louis, left Cincinnati on Sunday night.

Capt. R. M. Wade has been appointed Superintendent of the Louisville and Cincinnati Mail Line.

—The St. Louis Democrat says: Can it be so, we ask, that the Natchez won't make that well advertised fast race after all? Such is the rumor, and if it be true, some will be disappointed and some will be pleased. Has the heart of tough old Capt. Leathers failed him, or does he see that the job will cost more money than he is willing to spend? Or has some meddling United States Inspector issued a notice to the effect that steamboat masters, engineers and pilots engaging notoriously in racing, will be deprived of their licenses?

—A St. Louis dispatch under date of Saturday says: There is considerable indignation expressed here concerning the failure of the Natchez to make her much talked of quick trip. The Messenger leaves for Pittsburgh on Monday, with a full load of ore, clay, etc., 700 tons in all. The Allegheny Belle leaves the pile to-morrow for Pittsburgh with 1,100 tons of ore. The James Howard left with 2,400 tons, and has full engagements below. The J. F. Tolle's shaft arrived from Pittsburgh to day, and goes down on the H. C. Yaeger next week.

—The Robert E. Lee, going down the Ohio, had only about 500 bales of hay, which she got at Newburg. She passed on, and it is very probable that she will be laid up at New Orleans on her arrival.

—C. M. Cole is at work at Buffington Island putting in 1,000 yards of stone in that dam per month. He has also resumed work at the dam at Marietta Island.

—The Mollie Ebert reached Cincinnati all right.

SPECIAL NOTICES.

Speedily Cured.—All Forms of Venereal, Private and Nervous diseases at the old established Girard Medical Institute, No. 172 Second avenue, between Smithfield and Grant streets, Pittsburgh, Pa.

NO CHARGE UNTIL CURED.

Syphilis, Stricture, Orchitis, Hernia and all Urinary diseases are cured in the shortest possible time that will insure permanent relief. Spermatorrhea, or Seminal weakness and Impotency, as the result of self-abuse in youth or excesses in maturer years, and which produce some of the following effects, as emissions, blotches, debility, dizziness, nervousness, dimness of sight, cough, indigestion, constipation, despondency, confusion of ideas, aversion to society, loss of memory, and sexual power, and which unfits the victim for business or marriage, and ultimately causing insanity and consumption, are thoroughly and permanently cured. Medicines supplied at the Institute. A medical pamphlet relating to private diseases sent in sealed envelope for two stamps. All communications confidential.

This Institute was established for the express purpose of supplying the afflicted with scientific and reliable treatment, so as not to be classed with the numerous quacks and impostors that infest all large cities. The proprietors have made the treatment of Private and special diseases the study of their lives, and can refer to thousands all over the country that have been benefited and cured by their treatment. No matter how difficult or long standing your case may be, if curable, after a personal examination they will frankly tell you: remember, they have cured many cases given up by other physicians.

Patients treated by mail or express, but where possible, it is best to visit the city for personal consultation. Address GIRARD MEDICAL INSTITUTE, No. 172 Second avenue, Pittsburgh, Pa. Office hours 9 A. M. to 7 P. M. Sundays by appointment. sml:w3-d48

IMPORTANT NOTICE.

An Ounce of Prevention, &c.

The attention of the health officials is called to a nuisance near the corner of Penn avenue and Thirty-ninth street, in the shape of a pond of green, filthy, stagnant water, which is the receptacle of everything vile and loathesome. Dead dogs, dead cats and putrid offal of all kinds add their sickening stench to the offensive and unhealthful condition of the water in the pool, making it a disease-breeding locality of the first water.

The ages were as follows: Under one year, 8; between one and five years, 2; from ten to twenty, 1; twenty to thirty, 2; thirty to forty, 4; forty to fifty, 1; fifty to sixty, 1; seventy to eighty, 1.

THE CITY'S POOR.

Meeting of the Board of Guardians Yesterday—The Operations of their Department the Past Month.

The Board of Guardians of the Poor held a regular monthly meeting yesterday afternoon, a full number being in attendance. After routine business the reports were read. The report of Thomas Chess, Superintendent of the Poor Farm, stated that there were 214 persons in the Home—130 males, 84 females, a net decrease of three from last report. Two deaths had occurred during the month. During the month 12 cases had been admitted to the Hospital and 9 were discharged, leaving 13 yet under treatment. There were two births and two deaths.

Dr. Purviance reported thirty six visits made and thirty-eight office patients treated. Dr. Chessrown reported two visits made and patients treated. Dr. Sheridan reported two visits made and two patients treated on the South Side.

The reports were all received and filed.

The resignation of Mr. Thomas Chess, as Superintendent of the City Home, was received, and occasioned some surprise in the Board. It was suggested that some intermeddling with the Superintendent had been made, or that the question of salary might be in the way. The resignation was accordingly referred to a committee, consisting of Messrs. Beck, Arthurs, Kincaid, Fitzsimmons and Hartly, to confer with Mr. Chess and report to a special meeting.

The monthly bills were then read and approved.

The Secretary was granted one month's leave of absence for a tour of recreation.

Adjourned.

THE CONVENTIONS.

The Programme for To-day—Where the Meetings Will be Held—The Preliminary Arrangements—All Ready for the Final Struggle.

The excitement in political circles was rather intensified yesterday by the receipt of fresh returns from Saturday's primaries, which seemed to more beautifully complicate matters, the expectations of the candidates being by turns agreeably and disagreeably disappointed, as favorable returns were received from a quarter from which nothing was hoped for, and was succeeded by an unfavorable report from a section that previously had been regarded as safe. The returns, however, came in very slowly, and by last night fully one-third of the districts had not been heard from. Those from which reports had been received give fresh indications of the closeness of the contest, and in most instances served to more evenly balance the chances of the candidates, leaving a fine field, and stirring incentives for the formation of "combinations." The adherents of some of the candidates endeavored to improve the occasion accordingly last night, by caucussing, but the delegates could not be gotten together, and though several impromtu conclaves were held, they resulted in nothing definite. There was any amount of canvassing, and "working" but the results generally were not encouraging, and the candidates soon became satisfied that their principal work must be done inside the Conventions to-day. Each man, as ever, is confident of success, and among all we interviewed not one was ready to acknowledge the tide against him; either the figures or some of the aspirants for office sadly departed from the strict line of veracity.

The conventions to-day will all assemble at the Court House. All the arrangements have been made for their accommodations, in the following order:

Convention No. 1.—The Judiciary—will meet in District Court No. 2, be called to order by W. J. Gilmore, Esq., and then after a formal organization will nominate one candidate for President Judge of the District Court, and one candidate for Associate Judge of the District Court.

Convention No. 2.—The Legislative—will meet in the Criminal Court room, be called to order by B. C. Christy, Esq., and after permanent organization, will nominate one candidate for State Senator, afterward the delegates for the First and Second City Legislative Districts will return respectively to the Grand Jury rooms, and each district will select its candidate for Assembly. The delegates who remain in the Court room will select five candidates for Assembly to represent the Third District, or the districts outside of Pittsburgh.

Convention No. 3.—The Prothonotary—will meet in Common Pleas Court Room No. 1, be called to order by Thomas S. Mitchell, Esq., and nominate one candidate for Prothonotary.

Convention No. 4.—Treasurer and Coroner—will meet in Common Pleas Court Room No. 2, be called to order by F. P. Case, Esq., and after organization will nominate one candidate for Coroner and one candidate for Treasurer.

Convention No. 5.—Commissioner, &c.—Will meet in District Court Room No. 1, be called to order by R. B. Brown, Esq., and after organization proceed to nominate one candidate for County Commissioner, one candidate for Jury Commissioner, and one candidate for Director of the Poor.

The Chairman of the County Committee has named the gentlemen designated above as members of the County Committee, to call the conventions to order and preside until they get into working order. Each Convention will name its own Chairman after the credential's delegates have been received. By remembering this programme, and being on hand promptly, delegates will save much trouble and confusion.

····The Association of Medical Superintendents of American Institutions for the Insane, held their twenty-seventh annual Convention in Baltimore last week. Dr. Joseph A. Reed, of the Western Pennsylvania Hospital at Dixmont, was present. The attendance was very large, nearly two-thirds of the public and a great many of the private institutions being represented. The Convention visited several of the Insane Asylums in the vicinity of Baltimore, and were well satisfied with the manner in which they are conducted. Many interesting reports were presented treating on mental disorders. The Convention adjourned on Friday.

PERSONAL.

***We are indebted to Hon. John Scott, U. S. Senator, for valuable public documents.

***Mr. E. D. Nettleton, whose advance from local freight agent for the Allegheny Valley Railroad Company to the office of General Freight Agent for the road, which is elsewhere mentioned, is an accomplished business man and a gentleman whose services and abilities, we are glad to see, are appreciated by the Company, as we are sure they will be by all who are to have business or social intercourse with him.

FIRST EXCURSION

Over the Pittsburgh and Castle Shannon New Narrow Gauge Railroad Since Its Completion to Castle Shannon, on Thursday, June 5th.

Experienced railroad men who have examined this road pronounce it among the best built roads of the country. Attend the sale of lots on above date. Enjoy the novelty of the scenery and the ride. See the new road, and purchase a cheap, convenient and desirable home. 3.

Readvised.

If you want an *honest* suit of clothes, at a fair, honest price, you should visit the establishment of Messrs. Urling, Follansbee & Co., corner Fifth avenue and Wood street. They will not offer you a shoddy, trashy, inferior article of clothing, neither will they ask you three prices for their goods, but they will offer you a good article and only ask the price which they expect to get, and which is the lowest at which they can afford to sell. By this method of dealing, the purchaser never feels disappointed in the quantity, neither does he feel cheated in the price, since he knows that the price asked is the least for which the article could be sold.

Kenwood, with shady lawn, ice and spring water, open for summer boarders. Terms reasonable. Address Chas. Jacobus, New Brighton, Pa. 3

New Upholstering House.

Theophilus Roller, 150 Ohio street, Allegheny, has opened the above business, with a fine stock of Parlor Furniture as a specialty. He manufactures and has for sale his Patent Reversible Spring Mattress. Also a new and neat pattern of Bed Lounge for sale. 150 Ohio street. TTHS.

Level and Beautiful Sites.

Ionia lots on level with the railroad; no mud can ever exist; ready for building; soil finest brick clay in the county. Attend Arch H. Rowand, Jr.'s sale of lots, TUESDAY, JUNE 3.

COMMITTEE MEETINGS.

Sessions of Council Committees Yesterday Afternoon and Evening—Transaction of Important Business—Streets—Survey—Police—Signs—Allegheny Wharf, &c.

Quite a number of important committee meetings were held yesterday afternoon and evening in Municipal Hall. The proceedings of each we give below:

SURVEY COMMITTEE.

After reading and approving the minutes of the previous meeting, a petition for the location of Todd street and Spruce alley was granted. A plan was reported for the extension of streets in the East End which was adopted. The commission appointed on the improvement of Carson street, South Side, below the Monongahela bridge, reported a plan which was made by a private engineer. On motion it was decided that on Friday morning next, at ten o'clock, A. M., the entire committee will meet at the end of the bridge and proceed to examine the ground. Plans for the improvement of High street and for a proposed bridge on Sylvan avenue were referred to sub-committees. A petition for a change of grade on Ellsworth avenue was received and filed, and a committee appointed to examine into the matter. A resolution to establish the grade of Oakland avenue was referred to the City engineer, also a resolution to establish the grade for Coal hill and Birmingham road, from Manor street in the 27th ward to Washington street, in the 31st ward. A petition asking for a change of grade on Grove street, between Centre avenue and Rose street, was referred to a Committee of three, to visit the ground and make a report. General Howe appeared before the Committee and made a lengthy speech, advocating the relocation of the center line of Fifth avenue to a point eighteen inches south of the present line from an angle west of Shady Lane to an angle at O'Hara street. After taking some testimony in relation to the matter and listening to remarks from Judge Sterrett and others, on motion of Mr. Burgwin it was decided that the ordinance authorizing the improvement be referred to the City Solicitor in connection with the City Engineer to examine the record and find out if the re-location could be legally made. Plans for the extension of Butler street, and for a change of Negley's Run road were presented and approved. Whitehead's plan of streets in the Twenty-third ward was referred to the City Engineer. A remonstrance against the extension of Boundary street south of Fifth avenue was received and filed, and the plan of Spring street, in the Thirty-second ward, after being amended, was approved.

STREET COMMITTEE.

This body met at half-past seven o'clock last evening in the Common Council chamber, Mr. Jones in the Chair. After transacting some unimportant preliminary business, the petition to extend Union street in the First ward across Fifth avenue to Liberty street was called up. A remonstrance against the proposed improvement was presented objecting to it on the ground that it would not be beneficial to the public, and was only sprung in the interest of a bakning institution. The papers were received and filed, and the matter referred to a sub-committee to examine and report at a subsequent meeting.

A petition for the grading, paving, and curbing of Twenty-second street, on the South Side, was received and filed, and a remonstrance against the same was also read. The matter was referred to the sub-committee of the South Side.

A resolution was offered instructing the Street Commissioner of the Sixth district to have removed the old building formerly used as a toll house, on Brownsville avenue, at its intersection with Manor street, in the Thirtieth ward. Referred to a committee consisting of Messrs. McKee, Maple, and Brown. The sub committee appointed to examine concerning the change of grade asked for on De Villers street, at the Rose street crossing, recommended that the change be allowed. The report was received and filed, and recommendation adopted. A petition for the grading and paving of Forty-sixth and-a half street, in the Seventeenth ward, was also granted.

An ordinance to repeal an ordinance authorizing the grading, paving and curbing of Thirtieth street, from the A. V. R. R. to the Allegheny river, next came up for consideration. It was referred by the Select Council to the Street Committee. On motion the ordinance was laid on the table, and the contractor instructed to proceed with the work.

A petition was presented for the construction of a three feet brick sewer on Webster street, and an ordinance authorizing the same was recommended to Councils for passage. Mr. Rafferty moved that an ordinance be drawn up for a sewer on Centre street, from Forty-seventh to Forty-eighth street. Carried. Petition for opening Fifth avenue, from Wylie avenue to Ross street. On motion a committee of three was appointed to investigate and report.

A petition for a change of grade on Fifth avenue from Smithfield street to Tunnell street, cutting twenty feet off the crown of Fifth avenue at Grant street, and also for the repaving and curbing of said avenue was presented. Mr. Rafferty spoke about the importance of such an improvement, and, after considerable discussion, on motion the matter was indefinitely postponed.

Petition for the opening of Railroad street, in the Thirty-second ward, was received and filed and ordinance authorizing the same passed. Remonstrances against a change of grade on the Brownsville road were received and filed.

The City Solicitor presented an opinion, stating that the change of pavement on Sixth street would not relieve the Pittsburgh, Allegheny and Manchester Passenger Railway Company from its liability to keep in repair as much of that street as the railroad track occupies. On motion it was decided to have the railroad company repair Sixth street with wooden blocks.

Petition and ordinance for the graving and paving of Carey alley in the Twenty-fifth ward. Received and ordinance passed. Petition for pipe sewer on Smallman alley and and ordinance for same received and ordinance passed. Ordinance for three foot brick sewer on Forbes Street, between Marion and Van Braam streets, passed.

The following pay rolls were approved:

First District	$ 2,297 03
Second District	2,204 50
Third District	1,718 67
Fifth District	905 62
Sixth District	1,890 16
Seventh District	1,500 98
	$10,516 96
Engineers' pay roll	2,176 09
Contractors' pay roll	11,456 46
Viewers pay roll	390 00
Repairing of Elm street	833 90
	$25,323 41

Mr. Rafferty moved that any further ordinance, &c., business to be transacted be postponed, and that the Committee proceed to the opening of bids and the awarding of contracts. Lost, and on motion of Mr. Watson, adjourned until Thursday evening.

ALLEGHENY WHARF COMMITTEE.

A meeting of the Allegheny Wharf Committee was held last night in the city clerk's office, but no important business was transacted. The expenditures for the month of May were $98 and the receipts $301. On motion it was decided to recommend to Councils, for passage, an ordinance adding $500 to the salary of the Monongahela Wharfmaster, as compensation for the extra duty devolving upon him in taking care of the Allegheny wharf.

POLICE COMMITTEE.

This committee held a meeting last night in the Mayor's office. On motion of Mr. McKee, the chairman was instructed to ask Councils for an addition of ten men to the police force.

Mr. McGimpsey, a member of Common Council from the Eighth ward, stated to the committee the particulars in relation to his arrest some time ago by a policeman for an alleged violation of a city ordinance. He characterized the proceeding as an outrage, and reflected somewhat upon the Mayor for not examining into the matter, concluding by demanding an investigation. His request was complied with, and Messrs. Pearson, O'Neill and Trautman appointed a committee to investigate.

The police pay roll amounting to $16,766 83, and bills footing up $520.50 were approved. Mr. Duff, from the sub committee, appointed in relation to the extension of the police telegraph, said that he had no report to make. On motion of Mr. Pearson, the resolution adopted at a former meeting excluding outsiders from sessions of the Committee was rescinded, and then an adjournment was had.

SIGNS.

The special committee appointed at the last meeting of Councils to prepare an ordinance modifying somewhat the ordinance passed at a previous meeting requiring all signs extending across sidewalks over two and a half feet from the building, to be taken down, met last night in Clerk Morrow's office. The only business transacted consisted in instructing the chairman to prepare an ordinance to be presented at the next meeting, when the committee adjourned.

To All Whom It May Concern.

To contractors, iron men and builders, we commend the establishment of Messrs. N. U. Walker & Co., located at No. 372 Penn avenue, for an extensive and excellent assortment of sewer pipe, water pipe, firebrick, furnace linings, chimney tops, flues, and terra cotta work. They have the facilities for doing an immense trade in their line, being in the immediate neighborhood of all the freight depots of the city and directly opposite the C. & P. R. R. depot. Their warehouse, which is one of the most capacious in the city, is filled from floor to ceiling with an endless variety of their goods, and is constantly replenished from their manufactory, located at Wellsville, on the bank of the Ohio river—a convenient locality for making shipments to all points of the compass. Their goods being all manufactured under their own immediate supervision, they know whereof they affirm, when they guarantee all the products of their manufactory to be of a quality the most durable, even to the degree of being imperishable. But an inspection of their goods will assure any one that they have in themselves an intrinsic and superlative guaranty, requiring no verbal or paper warranty. James M. Walker, the manufacturer's agent, who presides at the warehouse, No. 372 Penn avenue, is a gentleman of genuine business qualifications, of undoubted honesty and veracity, and the perfection of accommodation and courtesy, making it an agreeable, as well as a paying pastime to deal with this house. See their card on first page and send for circular and price list.

Card to the Public.

The managers of a certain place of amusement, have and are advertising very extensively, that theirs is the "only place of Amusement open to the public." Thinking that some might give credence to this false statement, I take this method of informing the *great public*, that the Museum has not been closed a single day (Sundays excepted) for *three years*, and is acknowledged and recognized by discriminating amusement seekers, *particularly the ladies*, to be a genuine healthy, *legitimate* place of amusement. The Museum has within the last three weeks been renovated inside and out, and is offering first-class attractions, and will continue so to do all summer, (not closing for repairs). The Museum is open from nine o'clock in the morning till ten o'clock at night all the year round, and is *one of only two regular established places of amusement* in the city that is *patronized by the ladies*. Very respectively.

The public's obedient servant,

J. BURNELL,

Manager of Burnell's Museum, and Caterer of Public Amusements, Fifth avenue, between Smithfield and Wood streets, Pittsburgh, Pa.

CRIMINAL COURT.

[Before Judge Collier.]

The following named gentlemen appeared as Grand Jurors: James Brice, Wm. Barbour, John Ballentine, H. B. Campbell, John Creighton, A. J. Davis, W. J. Gilmore, James Graham, Thomas Irwin, John Kelly, Andrew Krot, B. H. Lubbers, Lawrence Mitchell, John A. McKee, Henry Ochse, Peter Ruter, Bernard Rafferty, John Spear, John Schuck, W. W. Wilson, P. Walters, John Zern.

Judge Collier, appointed W. J. Gilmore as foreman, and after charging the jury and transacting but little business, adjourned until Wednesday.

U. S. CIRCUIT COURT—JUDGE M'KENNAN.

In this Court a hearing was had on a motion for an attachment for contempt for infringing upon the patent held by Col. E. A. Roberts for oil well torpedoes. The defendants were Nicholas Geyer and Alexander Hamar. The Judge, after hearing the evidence, sentenced Mr. Hamar to pay the cost of prosecution, and also to undergo three months imprisonment in the county jail. His Honor remarked that there was no difference between the Roberts and Hamar patents, but that as Hamar had been granted a patent, the punishment for infringment was made lighter. Geyer was sentenced to ten days imprisonment.

DISTRICT COURT—JUDGE KIRKPATRICK.

In this Court David Soles made application for a preliminary injunction against Huntsman & Miller. The complainant alleges that he is the owner in fee simple of a certain tract of land situated in Wilkins township, and that the defendants, with other persons whose names are unknown, in March last, entered without permission upon the lands and constructed an underground railway through them, for the purpose of conveying coal from a mine on some adjoining lands. He also alleges that the defendants have deposited slack and rubbish on his lands and that they have threatened to continue their business at his expense and in total disregard of his rights in the premises.

The defendants, however, deny that the complainant is the sole owner of the property, but on the other hand assert that they are the tenants of a part owner, and that no intrusion has been made upon Mr. Sole's grounds, the coal being conveyed under the ground belonging to another person, of whom they are the tenants. The Court, after the argument, granted the preliminary injunction, and fixed an early day for a final hearing.

The argument list will occupy the attention of this Court the present week.

It Is No Longer

a question of shall we secure our own homes, but where shall we locate. The cheapest and most desirable property now in the market is that of the Pittsburgh and Castle Shannon Railroad at Castle Shannon. Their lots are large, being from fifty feet front by one hundred and fifty feet deep on the line of the first narrow guage railroad in Western Pennsylvania. This road is completed to the property, is owned by the Castle Shannon Railroad Company, and will be run to accommodate purchasers of lots. First-class cars, first-class engines, and all the accommodations of a first-class road. Their great auction sale is Thursday, June 5. Free excursion trians will leave Mt. Washington every hour on the day of sale.

Market Gardeners

Can secure market farms at the auction sales at Castle Shannon, June 5th. This land is unusually desirable for gardening purposes. Soil very fertile, well watered, favorably and pleasantly located, and will be sold cheap. A free pass over the Castle Shannon Railroad, will be given the purchaser of every garden farm who lives upon his purchase. Pass good for two years. 3

The Sutmeyer Clothing Emporium.

This establishment holds a front rank in Allegheny City for the manufacture of serviceable and fashionable clothing. Their stock of Cloths, Cassimeres and Vestings are of the latest and most beautiful designs, and are offered at the very lowest prices. They have on hand one of the best selected assortments of Ready-made clothing, suitable for men and boys' wear, ever exhibited in Allegheny. They are practical men, have had long experience, employ the most skillful and competent workmen, give their undivided attention to their business and endeavor in every possible way to completely satisfy their patrons. Southwest corner of Federal and the Diamond.

The Great Western Band

Has been engaged to furnish music for the Castle Shannon sale June 5th. Free lunch served on the ground. Excursion trains from 8 A. M., on the day of sale. 3

1,000 Acres.

The property offered for sale by the Pittsburgh & Castle Shannon Railroad Company, on Thursday, June 5th, is embraced in a section of over 250 acres from the company's purchase of about 1,000 acres. It is the finest located property in this large tract, all of which is very desirable. It is not necessary that visitors or purchasers should have more than ordinary tastes to assure the selection of Castle Shannon property as a suburban home in preference to any other now in the market. 3

A City Must be Built

Handsome is, That Handsome Does.

"Mamma, I think our sewing machine must be very nice looking, after all, for our teacher said to-day, that everything was beautiful that was good and useful, and I am sure that our 'Weed' is the most useful thing I ever saw."

"Very true, my little girl, in its way; but what your teacher means is that to be useful and good is so great a blessing that one can bear to be plain-looking. How much better to be prized for character than for a pretty face!"

All the while the 'Weed' was doing its very best on the little frock that was to be ready for the birth-day.

Mr. F. C. Biggert is the agent for the 'Weed,' No 116 Market street.

"Take the Children,"

When you want to get them spring suits, to the great headquarters for such goods—the cheapest house for good goods west of the mountains—the Boston One Price Clothing Store, No. 95 Smithfield street.

The Only Company

owning and operating a railroad that offers lots for sale is the Pittsburgh and Castle Shannon R. R. Co. They will give lot purchasers who build residences on their lots free passes good for two years from date. No other company can offer this great advantage. Attend this sale June 5th. 3.

Free Annual Passes

Will be issued by the Pittsburgh and Castle Shannon Railroad Company to purchasers of lots at Castle Shannon who erect dwelling houses thereon. The passes will be good for two years from the day of their date. This is the only company offering lots for sale than can offer this great advantage to purchasers. Sale at Castle Shannon on Thursday, June 5th. 3

No Speculative Prices for Ionia Lots.

The title is indisputable. Attend the sale of Arch H. Rowand's lots at Ionia, TUESDAY, JUNE 3.

The New Passenger Incline

Of the Pittsburgh and Castle Shannon railroad will be completed soon. The engines and hoisting apparatus are finished and ready for use. This incline will make a continuous road from Carson street to Castle Shannon—the garden spot of Allegheny county. Free passes, good for two years from their date, will be given to purchasers of lots who build residences thereon. Sale June 5th. 3

Market Farms.

The Castle Shannon Company will offer at their sale June 5th, market farms in sizes to suit purchasers. The land offered is very convenient to their finished railroad, and is only six miles from the Pittsburgh Postoffice. Great inducements will be offered to purchasers of this property. 3

BOARD OF EDUCATION.

Special Meeting Yesterday Afternoon—Reading of Protest and Adjournment—Doing Business Up Brisk.

A special meeting of the Central Board of Education was held yesterday afternoon. Mr. Frank Case was appointed Secretary *pro tem.* The roll was called and the following members answered: Ahl, Arthurs, Barker, Case, Miller, Craig, Graham, Harper, Henniup, Jape, Lewis, McEwen, Nobbs, Pitcairn, Parker, Shaw, Sims, Turney, Vaughan, Wilkinson and Wilson. The chairman stated that the meeting was called at the instance of several members to re-consider the vote taken at the last meeting adopting text books.

Mr. Harper immediately rose and offered the following:

To the President and Members of the Central Board of Education:

GENTLEMEN—The undersigned members of said Board protest against the special meeting called for this day, upon the following grounds:

1st. It is a universal rule of parliamentary practice that no business can be transacted at a special meeting except for which it is called. This business, for which this meeting has been called is stated on the notice, "Adoption of Text Books."

2d. The 26th section of the act of February 12, 1869, provides that the Central Board shall on or before the first Monday in June annually select and decide upon a series of school books to be used during the ensuing year. Under this provision the Central Board, at a regular meeting held May 13th, 1873, selected and decided upon the books to be used in all the schools of the district during the school year of 1873-4. The power of the Board over the adoption of text books is consequently exhausted.

3d. Whilst the President of the Board has power to call special meetings whenever he may deem them necessary, such a power being discretionary, must be exercised reasonably and not imprudently. The action of the President must be exercised through a sound legal discretion. Such a discretion does not characterize the order for this meeting, as the Board has exhausted its power over the subject, through action participated in by members of the Board.

4th. The meeting is contrary to good policy, because the subject had been canvassed for months before the May meeting, thoroughly discussed at that meeting, and final action had, after a full comprehension upon the part of the whole Board.

5th. The meeting is contrary to law, because final action has already been taken on the subject, and because, further, should the object of the meeting be to propose a re-consideration of the former action such re-consideration cannot take place at a special meeting.

[Signed] SAMUEL HARPER.

As soon as Mr. Harper finished reading his protest Mr. Nobbs made a motion to adjourn.

Mr. Craig, the President, stated that he desired to make an explanation before putting the motion, as he discovered it necessary in view of the document just read. He said that he called the meeting because quite a number of the members had come to him and stated that at the last meeting they were laboring under a misapprehension when they cast their ballots against a change in text books, and he deemed it but just to them that they should be afforded an opportunity to correct themselves. He then put the motion to adjourn, which was carried without a single dissenting vote.

Foreign Endorsement of the Standard Tonic of America.

There seem to be no limit to the celebrity of Hostetter's Stomach Bitters. Every year the demand for it increases and the territorial area of its popularity expands. It has long been the standard tonic, and an approved remedy for epidemic disease in the Republics of South and Central America, in Brazil and the West Indies and the British Colonies on this continent. More recently its merits have been appreciated at the antipodes, and it is now shipped in large quantities to Australia and Tasmania. The reason why it is making such extraordinary headway in remote regions, as well as in America, are very simple and lie in a nutshell. It is a medicine suited to all peoples, all climates and all ordinary disorders and disabilities. It prevents and cures malarious diseases, relieves indigestion, braces the nerves, improves the appetite, clears the brain, regulates the liver, arrests intermittent fever, strengthens the physique and invigorates the constitution. ju2

THE BEAUTIFUL IONIA LOTS.

The Finest Chance for Cheap Suburban Homes—The Best Opportunity for Investment Ever Offered—Another Great Sale Tuesday, June 3—Free Excursion, Brass Band and Free Lunch.

Pittsburgh is just beginning to feel the impetus given her by the great and constantly increasing influence of her immense manufacturing interests. The vast increase of her population has caused her limits to be too narrow for its accommodation, and hence the absolute necessity for her people to go out along the lines of her railroads to find suitable homes for themselves. It is well known that there is very little desirable land for this purpose near the city, and as people must live within convenient access to their business, it is easy to see that those who invest in such lots now will in a very short time find their investments enhancing an hundred fold in value.

Of all the lots that have ever been offered here, it is admitted those contained in the plot of Mr. Arch. H. Rowand, Jr., at Ionia Station, in the borough of Verona, on the A. V. R. R., are the most desirable, either for a beautiful and convenient residence, or a profitable investment.

THE NUCLEUS OF A GREAT CITY.

Verona borough is situated on the most beautiful slope on the south bank of the Allegheny river, two miles from the city line, and within a few minutes' ride from the Union Depot. It has one of the most liberal charters in the State, and affords the most ample encouragement to manufacturing enterprises, schools, &c. The A. V. R. R., machine shops, located there, are nearly completed. They are the most extensive works of the kind west of the mountains, the "Round House" alone being 900 feet in circumference. In a few months they will be in operation, giving employment to several hundred mechanics, and necessitating the settlement of from 300 to 500 new families. Not less than half a million of dollars will be expended annually by this enterprise alone. The borough is already growing rapidly, there being stores, hotels, flourishing churches of each denomination, a large brick public school house, and many fine residences.

THE CENTRAL PLAN OF LOTS.

Mr. Arch. H. Rowland's Ionia lots are situated on the handsomest tract of land the eye ever rested on. They lie along the line of the railroad on a level with it, and extend to the river front, where there is a bluff thirty feet above high water mark. The land is all perfectly level, high and dry, and when the city of Verona attains the growth it is sure to have, these lots must necessarily be in the business centre of it. Board walks are laid on every street, over 75,000 feet of lumber having been used for the purpose. All the lots are on a level with the grade established by the borough authorities, and all the streets graded according to the approved plan of the borough, which will be found in the County Recorder's office in Plan Book vol. 5, pages 78 and 79. Each lot has a front of 25 feet on a beautiful avenue and a depth of 100 feet, except the river front lots, which have an addition of from 20 to 100 of gravel beach running from the bluff to the river's edge, which affords one of the finest landings on the Allegheny.

PERMANENT RAILROAD STATION.

Railroad avenue, a broad graded street, runs along the railroad in front of the Ionia lots, from one end of the borough to the other, a distance of two miles. On this avenue, in the centre of the Ionia plots, is the first permently located station in Verona, below the machine shops. It is only five minutes walk from the "Round House," and the new station house already completed is the handsomest structure of the kind on the Valley road. Montrose bridge, across the Allegheny river, which has been chartered and will soon be built, crosses at the foot of Allegheny avenue. This avenue runs from Ionia station, in the centre of the Ionia plan of lots.

From what has been said above it is easy to see why the first and second sales of these lots were so successful. No prudent or sagacious person can take these advantages into consideration for a moment without being convinced that they will be in great demand in a very short time, and their value increased a hundred fold. The balance to be disposed of on next Tuesday, the 3d of June, contains some of the choicest lots, and this will doubtless be the last chance, as there will be no reserve and no postponement of sale for any cause. Remember, free excursion train, accompanied by a brass band, starts from Union Depot at ten o'clock, on Tuesday, June 3d. Go and take your wife and children. You will be delighted with the ride. A free lunch will also be served on the ground.

The Only Company

Offering real estate for sale that combines the ownership of a railroad with real estate, is the Pittsburgh & Castle Shannon R. R. Company. Their railroad having been extended to their property for the express accommodation of purchasers of lots, will be run in their interest exclusively. 3

The Lunch at Homestead Park

Was pronounced by all regular excursionits to by "a little ahead of anything they have come across yet." It was put up by Mrs. Ramsey, of Homestead.

AUCTION SALES.

Ionia Station Lots,
IN BOROUGH OF VERONA,
On Allegheny Valley Railroad.

TUESDAY MORNING, June 3, at 10 o'clock, will be the continued great sale of lots in Verona, at Ionia Station, on the Allegheny Valley Railroad, in A. H. Rowand, Jr.'s, plan. These lots are all 25 by 100 feet, and are the only ones offered to the public with

Graded Streets and Boarded Walks.

These lots are all situate in the borough of Verona, where are being located the workshops and roundhouse of the Allegheny Valley Railroad, which will immediately migrate half a thousand employes to the locality, with all the members of their families, requiring the comforts and conveniences of homes. The mere disbursement of wages to these employes of the Valley Road alone will aggregate one-third of a million dollars per annum, which will enter into active circulation throughout the community of Verona for the daily wants and comforts of a community. Verona borough is only two miles beyond the city line, and is the first possible location for a community beyond Pittsburgh along the Allegheny Valley, where must be necessarily attracted the manufactories now seeking river and railroad facilities. These lots are immediately at Ionia Station, which is the first station on the Valley Road, in the borough of Verona, and will be the

Only Station in the Borough,

Between the city line and the workshops of the company, which are but 5 minutes' walk beyond. Every train, out and in, will stop at Ionia Station, and when the workshops are completed, early and late special trains will be run for the particular accommodation of Verona, at lower rates than ever before conceived of in railroad travel.

The Sagacious and the Prudent

Will at once perceive that this is no paper plan of lots, but an opportunity to now secure, in an assured prosperous locality, lots which will be doubling themselves in value. This sale is no scheme for converting waste farms into conjectural towns, but the really bona fide meeting of the wants of

A Great Industrial Community.

There is to-day no other such great opportunity for sure and largely protective investment in lots as at this sale at Ionia Station NEXT TUESDAY, June 3. Be sure to be on hand at 10 o'clock on morning of sale, at Union Depot. Bring your wife and friends along.

The Great Western Band

Will accompany the free excursion, and a free lunch will be served on the grounds.

TERMS—One-fourth cash, and balance in three equal annual payments, with interest. $20 of the cash payment to be made on each lot at time of sale.
